## Rights Bill Backers Eye Debate Cut

### Crucial Senate Vote Slated On Whether To Impose Cloture

WASHINGTON (AP) — Backers of embattled civil rights legislation hope to make an impressive showing in a crucial Senate vote Tuesday on whether to impose cloture and cut off debate.

Sen. Philip A. Hart, D-Mich., floor manager of the legislation, and other supporters do not, however, contend they can get the necessary two-thirds majority to cut off debate.

Republican Leader Everett M. Dirksen has taken a stand against cloture, and without his help the move appears to have no chance.

But Sen. Jacob K. Javits, R-N.Y., said "We expect to do very well."

He told newsmen that if more than half of the 100 senators vote for cloture, "it will be decisive evidence that the Senate wants this bill."

The last time the Senate applied the seldom used rule was in 1965 when, by a vote of 70-30, it cut off debate on a bill to protect Negro voting rights.

The bill now before the Senate is designed to provide Negroes and civil rights workers with federal protection against racial violence.

An amendment offered last week would prohibit discrimination in the sale or rental of housing.

Twenty-nine senators—20 Democrats and 9 Republicans—filed a petition Friday to put an end to the debate that has been going on in desultory fashion since Jan. 18.

Under the rules, the cloture petition will automatically be voted on one hour after the Senate meets on Tuesday. It will take 67 votes to shut off debate if all 100 senators vote.

Hart, expressing hope that supporters of the bill will make a good showing, said that around 60 votes for cloture might convince the leadership not to give up on the legislation.

But he said if there are only about 45 votes for cloture the civil rights measure no doubt will be shunted aside without another attempt to cut off the debate.

Majority leader Mike Mansfield, D-Mont., has said that a second cloture petition probably will be filed if the vote Tuesday is reasonably close.

Roy Wilkins, chairman of the Leadership Conference on Civil Rights, urged senators to resist any attempt to set the bill aside if the cloture move does not succeed Tuesday.

"It would only feed the spreading doubt that rights can be won through the democratic process," he said in his statement in behalf of the 115 organizations in the conference.

Mansfield filed the cloture petition on the pending bill Friday only after his request to vote next Monday or Tuesday on the open housing amendment was blocked by Sen. Sam J. Ervin Jr., D-N.C., spokesman for Southern opponents.

## *Heart Drive Set*

Tammy Lieder of Salem and George T. Wilson of Wellsville, Columbiana County Heart Fund Drive co-chairman, look over a model of a heart as both prepare for "Heart Week" starting Monday.

Tammy, 7, and Mr. Wilson have both undergone coronary surgery for correction of defects, and are living examples of the successes of research into causes and cures of heart disease.

Ill with a heart defect since birth, Tammy had corrective surgery done a year ago at Youngstown North Side Hospital to repair two holes in her heart. Wilson had a defective aortic valve replaced in his heart at Cleveland Clinic. Both now lead active lives.

Tammy is "Little Miss Heart for 1968" of the Heart Association of Eastern Ohio.

Solicitation in the annual drive, already under way in some districts, will be climaxed in the annual "Heart Sunday" Feb. 25.

Tammy is the daughter of Mr. and Mrs. Albert Lieder of 209 N. Union St., Salem. Wilson is a turner at the Sterling China Co. in Wellsville.

## Peace Talks No Nearer, LBJ Asserts

### Johnson Expresses Full Confidence In Gen. Westmoreland

WASHINGTON (AP) — President Johnson wants it loud and clear: Gen. William C. Westmoreland will stay on in Vietnam and peace negotiations with Hanoi are no nearer than they were three years ago.

Johnson told reporters Friday there is a campaign on "to get over the word that we have doubts in Gen. Westmoreland."

But he said he never had known a military man in whom he had more confidence than in the U.S. commander in Vietnam.

"I want to emphasize," the President said, "that I don't want to leave the impression with any soldier in that command, with any parent of any man out there, that there is any justification whatever for all this rumor, gossip, talk about Gen. Westmoreland's competence or about his standing with this President."

As for any progress toward peace talks, Johnson said he would like to be able to say "yes" to a question whether he sees any new, hopeful prospects for negotiating with Hanoi. But he said he didn't want to leave the American people under any illusions.

"I don't think Hanoi is any more ready to negotiate today than it was a year ago, two years ago, or three years ago," he said.

This view, he said, was based on a review of more than 20 overtures and took into consideration discussions Secretary General U Thant of the United Nations has just concluded with chiefs of state in Russia, India, England and France.

The news conference provided the first opportunity for the press to ask Johnson directly about the growing speculation over possible use of tactical nuclear weapons in Vietnam.

The decision to use such weapons, he said, would be his alone and "one of the most awesome and grave decisions any President could be called on to make."

But he said there has never, in the seven years that he has been in the executive branch, been a recommendation from the Joint Chiefs of Staff or the secretary of defense that nuclear weapons be used.

## Assault One Of Heaviest During War

### 2 Ground Clashes Reported In South Viet Northern Area

SAIGON (AP) — U.S. planes aimed one of the heaviest bombardments of the war—nearly 1.5 million pounds of explosives—at Communist troops threatening the northwest frontier outpost of Khe Sanh, the U.S. Command reported today.

Along the eastern portion of South Vietnam's northern frontier, two ground clashes were reported and three enemy tanks were sighted.

These developments boosted speculation that the expected giant Red assault on Khe Sanh might be accompanied by simultaneous attacks on other allied outposts all along the frontier. Such a coordinated push likely would hamper quick reinforcement of the 5,000 U.S. Marines at Khe Sanh.

Four or five North Vietnamese divisions are poised in and around the demilitarized zone, perhaps up to 50,000 troops, with an estimated 20,000 of them around Khe Sanh.

No ground attacks have been reported on Marine positions around Khe Sanh since Feb. 8, but Communist gunners have shelled the base daily. They fired in 85 mortar rounds Friday, killing one Marine and wounding 10.

About 50 miles below the frontier, Communist troops clinging to part of Hue's Citadel for the 18th day tried today to drive back attacking U.S. Marines with a new barrage of grenades and small arms fire and hit an American tank with a rocket.

The heavy enemy return fire came after Marine officers said they believed enemy strength in the old walled Citadel had been cut down to about 500 men and that they hoped to drive them out within 48 hours.

Field reports from Hue said Leathernecks were hurling tear gas grenades and calling in more artillery in efforts to push 700 yards among rubble-strewn buildings to the Citadel's south wall, where the Communist flag was reported still flying.

### Top Educators Speak Out

## *Ban On Draft Deferments Of Graduate Students Hit*

NEW YORK (AP) — Educators at several large universities say the abolition of draft deferments for most graduate students could threaten research, reduce the supply of future teachers and cripple graduate school enrollments.

Some administrators denounced the new policy as short-sighted and several said other systems of drafting from the affected group could have cushioned the impact.

They spoke out Friday after the Johnson administration abolished graduate draft deferments except for medical and dental students, students in related fields and those who will have completed two or more years of their studies by June.

At the same time, on the advice of the National Security Council the director of Selective Service ordered suspended the official list of essential activities and critical occupations that draft boards have used as a guideline in making occupational deferments.

Administration officials estimated that 150,000 or more men would be drafted as the result of the changes in graduate deferments.

Logan Wilson, president of the American Council on Education, the leading assocation of colleges and universities, said of the change, "In my judgment this is a short sighted decision.

"In addition to the handicaps it places on advanced level education, its implications for the long-range trained manpower needs of the nation are alarming.

"The decision means that most college graduates in 1968 and students ending their first year of graduate school in 1968 will be drafted in the near future," Wilson said.

"This means that our graduate schools in the future will be increasingly populated by women, older persons, those who have physical disabilities and, ironically enough, foreign students," declared Maurice Mitchell, chancellor of the University of Denver.

### Ex-Convict Faces Charge

## *Fire Deliberately Set Fatal To 12*

MOBERLY, Mo. (AP) — Witnesses say a man entered a crowded tavern Friday, sloshed gasoline around, threw a lighted match and ran out. Twelve persons were killed in a frantic attempt to escape the blast of flame.

Clifford Falzone, Randolph County prosecutor, said a murder charge would be lodged against William Edward Coleman, 36, an ex-convict who police said gave himself up at headquarters after the fire.

Police said the 12 victims piled up at the back door, which they couldn't open. Four persons—two men, a woman and her baby—got out the front door.

"I simply don't understand it," moaned the bewildered proprietor, Ray Curtis, who opened the small tavern just a week ago. "I thought Coleman was my friend."

In fact, Curtis said, Coleman helped clean up the place up for the opening.

On the back bar was a list of 10 names of persons who could not be served in the tavern as patrons under Missouri law, Curtis said. All 10 are ex-convicts, and the law does not permit them to loiter in places serving liquor or beer.

Coleman's name was on the list, Curtis said, but Coleman knew it and understood why he couldn't be a patron.

The tavern was on the first floor of a building housing the old three-story, 30-room Randolph Hotel. The flames burned out the interior of the tavern and ruined eight hotel rooms above it.

### Trowbridge Resigns

## Airline Executive Named Secretary Of Commerce

WASHINGTON (AP) — The urprise resignation of Alexander B. Trowbridge as secretary of commerce after eight months in the job raises to three the number of cabinet posts facing a reshuffle over the next several weeks.

President Johnson announced at a late afternoon news conference Friday the resignation of Trowbridge, 38, the youngest man ever to serve as secretary of commerce. To replace him he named C. R. Smith, 68, board chairman of American Airlines.

Smith has been in commercial aviation since he took over at age 29 a little line that hopscotched around East Texas to deliver the mail. He is known as a first-class administrator, a lover of high-stakes poker games and a man who speaks his mind.

And he is a Texan, born there and educated there like his new boss, the President.

Trowbridge, who was sworn in as secretary only last June 14 and resigned because of a heart condition, plans to leave the department on March 1, the same day Secretary of Defense Robert S. McNamara is scheduled to turn over command of the Pentagon to Clark Clifford.

John Gardner, secretary of health, education and welfare, also has resigned but no successor has been named. He is expected to remain in his post for several more weeks.

Asked if he were concerned by the number of top level departures, Johnson replied: "We always hate to see anyone depart, particularly men like Mr. Trowbridge."

Trowbridge, a native of Englewood, N.J., and former president of the Esso Standard Oil Co. of Puerto Rico, said in an interview his doctors advised him it would be wise to step down now from the demanding job as commerce secretary.

He suffered a mild heart attack about 18 months ago when he was assistant secretary of commerce for domestic and international business, and experienced a coronary insufficiency several weeks ago. He returned to his office only this week.

The secretary said his last illness, although not a heart attack, was like the tinkling of a danger bell for him to slow down. He said he has no future plans at the moment.

## *Gov. Smith Vetoes Bingo, Judicial Bills*

CHARLESTON (AP) — Gov. Hulett C. Smith exercised his veto powers in a dramatic 11th hour move Friday night, killing West Virginia's controversial bingo bill and another measure which would have created a new judicial circuit.

The governor acted less than an hour before the midnight deadline. The bills had been passed by the 1968 Legislature and would have become law today if the governor had not acted.

Smith agreed with legislative opponents of the bingo bill that it was unconstitutional. It would have permitted nonprofit groups such as churches, lodges and veterans organizations to be licensed by the state to conduct bingo games.

The state would have received 3 per cent of the proceeds of such games.

"It is clear and obvious, by every definition available to me, as well as from published opinions of the West Virginia attorney general's office, that bingo as defined in this act is a form of lottery which does not involve any skill or knowledge on the part of the players, and that the selection of numbers is purely a matter of chance," said Smith.

## *Street Aide Pulled Out In Ditch Cave-In*

NEW CUMBERLAND — New Cumberland Street Commissioner Irvin (Jack) Mayhew is in "satisfactory" condition today at Weirton General Hospital from injuries suffered when he was nearly buried alive in a ditch Friday afternoon in the south end of town.

Mayhew, who was rescued by two other workers, suffered a dislocated hip.

The street commissioner, using a backhoe, was uncovering a sewer feeder line in a ravine east of the Phillips lumber yard when the ditch walls collapsed and buried him up to his chest.

Robert Uker and Robert Mayhew, a nephew, who were working with Mayhew dug him out and rushed him to the hospital.

Smith agreed with legislative opponents of the bingo bill that it was unconstitutional. It would have permitted nonprofit groups such as churches, lodges and veterans organizations to be licensed by the state to conduct bingo games.

The state would have received 3 per cent of the proceeds of such games.

"It is clear and obvious, by every definition available to me, as well as from published opinions of the West Virginia attorney general's office, that bingo as defined in this act is a form of lottery which does not involve any skill or knowledge on the part of the players, and that the selection of numbers is purely a matter of chance," said Smith.

### 2 Ground Clashes Reported In South Viet Northern Area

SAIGON (AP) — U.S. planes aimed one of the heaviest bombardments of the war—nearly 1.5 million pounds of explosives—at Communist troops threatening the northwest frontier outpost of Khe Sanh, the U.S. Command reported today.

Along the eastern portion of South Vietnam's northern frontier, two ground clashes were reported and three enemy tanks were sighted.

These developments boosted speculation that the expected giant Red assault on Khe Sanh might be accompanied by simultaneous attacks on other allied outposts all along the frontier. Such a coordinated push likely would hamper quick reinforcement of the 5,000 U.S. Marines at Khe Sanh.

Four or five North Vietnamese divisions are poised in and around the demilitarized zone, perhaps up to 50,000 troops, with an estimated 20,000 of them around Khe Sanh.

No ground attacks have been reported on Marine positions around Khe Sanh since Feb. 8, but Communist gunners have shelled the base daily. They fired in 85 mortar rounds Friday, killing one Marine and wounding 10.

About 50 miles below the frontier, Communist troops clinging to part of Hue's Citadel for the 18th day tried today to drive back attacking U.S. Marines with a new barrage of grenades and small arms fire and hit an American tank with a rocket.

The heavy enemy return fire came after Marine officers said they believed enemy strength in the old walled Citadel had been cut down to about 500 men and that they hoped to drive them out within 48 hours.

Field reports from Hue said Leathernecks were hurling tear gas grenades and calling in more artillery in efforts to push 700 yards among rubble-strewn buildings to the Citadel's south wall, where the Communist flag was reported still flying.

## Soviet Aircraft Near Mainland Seen No Threat

WASHINGTON (AP) — Close approaches to the North American mainland by Soviet military planes on two occasions in February are being treated by defense officials as somewhat out of the ordinary but not threatening.

The Pentagon disclosed Friday night that three Soviet bombers of the Bison class, a long-range aircraft usually used for ocean recoinnassance, flew along the northern coast of Alaska the night of Feb. 12.

Earlier in the day the Pentagon confirmed a published report that five Soviet bombers of the Bear class made a pass by the coast of Newfoundland Feb. 9.

On both occasions, defense officials said U.S. interceptors, were sent aloft but the Soviet planes changed course of their own accord.

The Bisons flew a course about 80 miles off the coast of Alaska while the planes that swung by Newfoundland approached no closer than 70 miles, Pentagon spokesmen said.

There was no penetration of the air space of the North American continent on either occasion, they said.

An officer commenting on the Feb. 9 fly-by said Soviet aircraft have made flights over the North Atlantic in the past but "this is the nearest they've come in a long time."

# Older Fishermen Receive A Break On License Fees

LISBON — Older Ohio fishermen can get their 1968 licenses at one - half and 75 per cent off at the clerk of courts office in the Courthouse.

While the fee for residents 18 through 64 years is $4, the 65-through-69 group can get them for $2 and fishermen 70 and over need pay only $1.

A writing fee of 35 cents is charged for each license. A new license is required March 1 each year. Resident licenses are for U.S. citizens who have resided in Ohio at least six months.

The cost of non - resident licenses is $6 for the year, or $4 for a 15-day permit.

# Fire Follows Funeral Rites

Fire destroyed the house trailer home of Mrs. Antonia Tenzek of Lisbon RD 2 Friday about 11:15 a.m., minutes after she had returned from her husband's funeral.

Andrew Tennek, 82, died Tuesday. The couple lived about 100 feet from the home of their son, John, off Route 518, about three miles west of West Point.

Mrs. Tenzek and John and his family were in his house when someone noticed smoke pouring from the trailer. They called the West Point and Lisbon volunteer fire departments.

West Point firemen extinguished the blaze, but the interior of the trailer was charred. Tenzek and firemen agreed the fire probably started from an oil heater. They set a loss of $2,000—$1,250 on the trailer and $750 on the contents. There was no insurance, Tenzek said.

Lisbon firemen started to the blaze, but Chief W. A. (Slim) Peters recalled them by radio since the fire was outside the local department's territory. The Tenzeks live near Morgan's Monument, six or seven miles south of town.

## Older Fishermen Receive A Break On License Fees

LISBON — Older Ohio fishermen can get their 1968 licenses at one - half and 75 per cent off at the clerk of courts office in the Courthouse.

While the fee for residents 18 through 64 years is $4, the 65-through-69 group can get them for $2 and fishermen 70 and over need pay only $1.

A writing fee of 35 cents is charged for each license. A new license is required March 1 each year. Resident licenses are for U.S. citizens who have resided in Ohio at least six months.

The cost of non - resident licenses is $6 for the year, or $4 for a 15-day permit.

Clerk of Courts Carl L. Stacey says he has a supply of the various licenses, but hopes fishermen — except those 65-69 and over 70—will continue to buy their licenses at hardware stores and tackle shops.

## Fire Follows Funeral Rites

Fire destroyed the house trailer home of Mrs. Antonia Tenzek of Lisbon RD 2 Friday about 11:15 a.m., minutes after she had returned from her husband's funeral.

Andrew Tenzek, 82, died Tuesday. The couple lived about 100 feet from the home of their son, John, off Route 518, about three miles west of West Point.

Mrs. Tenzek and John and his family were in his house when someone noticed smoke pouring from the trailer. They called the West Point and Lisbon volunteer fire departments.

West Point firemen extinguished the blaze, but the interior of the trailer was charred. Tenzek and firemen agreed the fire probably started from an oil heater. They set a loss of $2,000—$1,250 on the trailer and $750 on the contents. There was no insurance, Tenzek said.

Lisbon firemen started to the blaze, but Chief W. A. (Slim) Peters recalled them by radio since the fire was outside the local department's territory. The Tenzeks live near Morgan's Monument, six or seven miles south of town.

## Slight Drop Seen In Federal Food Stamp Program

LISBON — The federal food stamp program during January in Columbiana County totaled $41,342, compared with $41,428 in December, according to Donald Hepp, county welfare director.

"Food prices are advancing and the food stamp plan enables low - income families to obtain a varitey of food without additional expense," Warren said. He invited anyone interested to talk to him at the County Welfare Building on E. Washington St.

## Arms Supermarket Business Booms

An incredible turn of events in the Middle East controversy is the U.S. government's lifting of a ban on arms shipments to Jordan.

Following the Feb. 21 announcement of the resumption of arms shipments, a major battle broke out between Jordanian and Israeli troops along the Jordan River truce line.

The United States had suspended arms aid to Jordan at the outbreak of the Arab-Israeli War last June—and with good reason.

Last May 30, Jordan and Egypt signed a five-year mutual defense pact against Israel. Other Arab nations signed the treaty. War broke out June 5.

The United States condemned Arab actions leading up to the war. The American government has tried to get Russia to restrain arms shipments to the Middle East.

It is astonishing that the United States sees reason to send arms to an enemy of Israel; a country whose king has pledged to stand side by side with Egypt's Gen. Abdul Gamal Nasser who declared last June 5 that Arabs were fighting to "eliminate the shadow of Zionism from Palestine and to restore Arabism."

The arms aid to Jordan is even more incomprehensible when it is recalled that President Johnson promised Israel's Premier Levi Eshkol early this year to give "active and sympathetic" consideration to that country's request for arms.

Subsequent reports indicated the promise would be fulfilled in the form of a squadron of A-4 Skyhawk jet bombers.

While the United States has been friendly with Israel and opposed to the massive arming of Arab nations by the Soviet Union, American diplomacy inside and outside the United Nations supposedly has been aimed at peace in the Middle East.

How in the name of reason can a policy of arming both Israel and her enemies be construed as a means of lessening tensions in the Middle East with the ultimate goal of peace?

It is true that King Hussein has acquired the tag of an Arab moderate—but let us not forget that he has no aversion to working both sides of the street and has a reputation for acting rashly.

To put a new supply of weapons at his disposal is to invite a new Middle East crisis that could have a far different outcome than last June's quickie war.

When the next Middle East crisis comes—and it surely will—Washington's elite will look at each other in complete surprise and ask: How in the world did that happen?

## William McInerney

Many longtime Midland residents are saddened at the death of William McInerney who for over three decades was a leader in community affairs and an executive with Crucible Steel Co.

The former burgess and veteran Councilman was a familiar figure on the borough scene, before and after his retirement from Crucible, and over the years gave his time and energies to a broad range of interests, from Boy Scouts, sports and church to library board, United Fund, and Fourth of July celebration. He had the respect of his townspeople not just for what he sought to do but for what he accomplished.

## The Right Decision

One of the awkward aspects of representative government is the need for decisions without unanimity.

The action by Columbiana County Commissioners Thursday to proceed with advertising for bids for the proposed St. Clair Township water system was an example of such decisions.

Commissioners were faced on one side with an obvious water problem, the answer to which had previously been sought by many residents interested in a storage and distribution system, Organization and engineering plans were made for the project, a federal grant was received and a means of financing it prepared by authoritative advisers.

On the other side were a group of township residents who believed the financing was not equitable, and some who were convinced the water was not needed.

It is difficult for an elected official, even in conscience, to act against the wishes of some constituents. It is difficult in terms of political stature to act against the wishes of any voters —especially in an election year.

But the commissioners, we believe, have decided in good conscience for the best interests of the whole community in this case, for they not only recognize the support given the plan, they know the advantages of the water system and the benefits which will accrue.

It was apparent more than adequate opportunity was allowed for presentation of a feasible alternative to the proposal, and with time running out, action was imperative.

The cost of a major improvement such as this is not borne easily in an area which is primarily residential. But progress is rarely purchased cheaply nor achieved without hard work, and we are convinced the extension of water into the Calcutta and Glenmoor districts will be one of the most significant economic development advances in the township's history.

## Letter From Max

By Martin Miller

Dear Truman Twill:

And now we have a tussle between Gov. Rockefeller and Mayor Lindsey of New York. You'd think they could pick a better issue. It is strange that two such personable politicians of the same party can't get along together.

When the King and Queen had a baby, some sut said, "Into each reign some life must fall."

All this talk of riots expected in the cities this coming summer is enough to give me the shudders. And here we are reinforcing our riot laws. Charles Cotesworth Pinckney in 1797 said, "Millions for defense, but not a dammed penny for tribute."

Sometimes, President Nguyen Van Thieu of South Vietnam seems to be playing fast and loose with our war support. He wants more U.S. troops and won't countenance our suggestion of bombing the North. Sort of like you and I might be if we had the resources of, say, General Motors, to play around with.

Bing Crosby and Bob Hope, in addition to being wonderful entertainers, have the added virtue of being old and good friends. It always grabs me right here in the heart to see them enjoying performing together. Trust they don't have a spat before this sees print.

President Franklin Roosevelt's "New Deal" was so revolutionary it is often used as a yardstick for subsequent administrations. It is interesting to note in this connection that the "New Deal" did not have any legislation on aid to education or civil rights, such as President Johnson's "Great Society" administration has had.

Maybe their jobs are simply impossible. Which reminds me of poor Phil Bengtson, who has the impossible job of trying to follow in the championship footsteps of Vince Lombardi as coach of the Green Bay Packers.

I asked a friend of mine who had been in combat for a year and a half in Vietnam if we could win the war there and he said, "I don't think so because in order to win we would have to have the people there with us and they are not with us."

Here is an item which ought to strike a responsive chord with you and almost everybody. A "consensus," that is what we want. A lady wrote a letter to the editor of a paper in another city in which she said, "The government needn't expect any sympathy from me. If it had taken my advice years ago, it wouldn't be in the fix it is in now."

Faithfully yours,
MAX

## Purely Personal Observations

One difficulty with the Vietnam War is that it's the first time we had visual evidence of what happens in war zones. Imagine how Northerners would have felt if TV had shown them the destruction of Atlanta in the War of the Rebellion. All those poor people fleeing in terror. All that looting. Tsch, tsch.

I can think of 23 better ways to put in TV time than watching any more of these silly award shows the entertainment industry puts on when its geniuses can think of nothing better to do.

A man should know better after dozens of stuff reactions than to recommend a restaurant, a drama, a book, or a companion to a friend. The restaurant will come up with a bad meal, the drama and book will be boring and the companion will prove personally incompatible. It happens almost every time.

I am confident we will look back on the current anti-tobacco campaign with the same wry incredulity that we now look back on the anti-alcohol campaign of the 1920s. Tobacco and alcohol used immoderately can kill you. So can overeating, reckless driving, sedatives and deep-sea diving.

One of the things I like best for my generation is supermarket is that contrary to power itself, is the thing to fear — not the source of power. Labor unions powerful enough to shove people to the wall are as much to be feared as the kind of employers who once did the same thing.

My scouts in New York City report that picturization of the garbage pileup there was overdone. They do not deny garbage was there, only that it was not there citywide in the towering mounds shown in pictures taken at selected spots.

Does anyone want to bet there never will come a day when airlines will become as freight-minded as railroads and think of the passenger business as a sideline, instead of the main source of profit?

Every working staff in newspapering enjoyed Time Magazine's account of what happened when masterminds in the New York command post tried to shake up the Washington bureau of The New York Times. The masterminds retreated when faced with the potential resignation of a trio of their most influential writers. For once, talent finished ahead of authority.

There are three versions of an international incident—what the offended government says, what our own righteously indignant government says and the truth, which leaks out two weeks later.

## Industry Challenges Labor

NEW YORK — Though there has been nothing ultrasecret or furtive about it, a truly vast and unreported "management movement" has been launched by the intellectuals of American industrialism — to duel publicly with the American labor movement.

Victor Riesel

These industrialists do not want to smash any unions. But the management men have woven together the broadest united front of large and small businesses in history for the fight to revamp what they charge are pro-union federal labor relations laws and boards.

It took time to win what labor leaders always boast of — "unity." Businessmen are of many kinds and philosophies.

But after several years, beginning in the early '60s, the industrial organizers got a popular front together of 35 major national trade associations (which one insider said represented some 4 million firms) as well as hundreds of small and large companies with no affiliation.

Once the "front" began moving, its leaders commissioned three prominent corporate labor lawyers — Gerard D. Reilly, former U.S. Labor Dept. Solicitor; Guy Farmer, former Eisenhower administration chairman of the National Labor Relations Board; and Theodore Iserman, a New York attorney.

They were directed to do an intensive study of the National Labor Relations Act.

THEY WERE RETAINED because the business front felt that "the NLRB has not interpreted and administered the act with even-handed justice; that it conceivest he Act to be a mandate to foster unionism (even against the wishes of employes)."

However, what the business leaders feel most strongly is that the Board now "is guided by a 30-year-old philosophy that unions are weak institutions, dependent on government protection and promotion."

The "management mvement" is saying, in effect, that it is not getting a fair shake from the labor laws passed long before the unions grew to maturity, developed financial and political strength and became one of the country's most influential forces.

So, scholarly and soft sell though the executive suite people are, they say bitterly they're just not getting a fair shake. The law is applied by the board, the lower benches and even the U.S. Supreme Court, against them and in labor's favor with an "uneven hand of justice." They say they're denied their equal rights and their rights of free speech in any joust with labor.

They developed an intricate legislative program but, in the final count, they want the NLRB divested of jurisdiction over unfair labor practices even if it means the elimination of the board and the transfer of its functions to a labor court.

In its place they would put a system of labor courts.

The legal trio turned in its analysis. It was reviewed and finally approved by a "blue ribbon panel" of 150 corporation labor lawyers by mid-1966.

Then came the endorsement by the 35 trade associations and other businesses in the original "organization."

THIS WAS FOLLOWED by endorsements from the National Association of Manufacturers and the United States Chamber of Commerce.

Thus this "management movement" rests on a broader business block than any other enterprise since Peter Stuyvesant's shopping center.

Today the movement is surfacing. It's Labor Law Reform campaign is guided by an informal steering committee which believes the time has come for the offensive in search of public opinion and Congressional support.

On the steering committee are top industrial relations executives of 11 leading American industries. Their willingness to surface is indeed a seven-league leapfrog over old traditions of secretive inner sanctums.

On the steering committee are industry's Paul Bunyanesque names. There are 11 men, some of them quite friendly, even social, with such labor giants as George Meany, Walter Reuther and I. W. Abel.

It's quite a roster:

There are among them, Angus Alston, executive vice president, A.T. & T. Co.; Fred Atkinson, senior vice president of R. H. Macy & Co., Inc.; Virgil Day, vice president of the General Electric Co.; Malcolm Denise, vice president, Ford Motor Co.; R. Heath Larry, executive vice president and assistant to the chairman, U.S. Steel Corp.; Douglas Soutar, vice president, American Smelting and Refining Co.

They are a fair match for the Meanys, the Abels, the Reuthers, the Siemillers, the Fitzsimmons.

It won't be bloody as in the olden days. But it will get louder and last longer. Labor considers the NLRB its home and castle. It won't let its ramparts be taken or pulled down easily.

## World War III

The American people may not realize it, but "World War III — Communist Style" — as Sen. Wallace Bennett, Republican of Utah, termed it in a recent speech in the Senate — has actually begun.

North Korea went on a war footing nine months ago, and the United States government was warned about it at the time. Hundreds of infiltration teams have since crossed the armistice line into South Korea, killing Koreans and American soldiers and spreading terror.

One group of 31 North Koreans was recently sent to Seoul to assassinate the president of South Korea. The attempt was not successful. Some of the "commandos" were killed, others captured. But this kind of Communist activity, which is in violation of the Korean truce, is continuing.

Moscow has provided North Koreans with billions of dollars' worth of arms and equipment, along with Soviet technicians to operate or to train others in the use of up-to-date weapons. These include modern jet planes and late-model tanks, artillery, and infantry rapid-fire rifles.

AT ANY MOMENT, North Koreans may expand the war by invasion of South Korea. They have the bases and the equipment—better than that of their adversaries—for launching an attack.

The American government is thoroughly familiar with the Soviet relationship to the North Korean military buildup and Moscow's help to North Vietnam.

The United States is confronted with a delicate problem in trying to get the release of the seized naval ship Pueblo and its crew. While talks have been going on at Panmunjom, there is no sign as yet that the Americans will be freed.

The meetings of the military armistice commission are under the auspices of the United Nations. The Korean War was fought by U.N. forces sent there as the result of a resolution by the U.N. security council.

The war was halted by means of an armistice negotiated and signed in behalf of the United Nations. The American admiral who is senior delegate of the commssion at Panmunjom is officially a representative of the United Nations.

"World War III — Communist Style" has reached the point where the U.N. will be obliged to recognize that one of the principal members of the Security Council, which has been engaged in fighting the U.N. in the past, is preparing now for another assertion of military strength against the international organization.

The crewmen of the Pueblo are being held as hostages, and only the Soviet government can bring about their release. Up until now, there has been no hint that Moscow wishes to do anything about it.

Indeed, the Kremlin may be assuming that the United States would be willing to pay, as a price for getting the Pueblo crew back, acceptance of Soviet terms for peace in Vietnam.

The Communist mind has a limited amount of imagination. Its illusory theory is that the United States will agree to withdraw from Vietnam in exchange for the crew of the Pueblo.

MEANWHILE, the United States is striving to get some kind of negotiation started with the government of North Vietnam. Nowhere, however, is there any indication of success.

Rumors crop up frequently, but they prove to be meaningless. The truth is the Soviet Union alone has the power of decision — not only in Vietnam but in Korea.

Inevitably, the U.N. will have to decide whether it will call on all its members to build up the South Korean military strength to equal that of North Korea, which is threatening another war of aggression.

The United States, moreover, may be confronted with the necessity of asking the U.N. to notify the Soviet government either to cease its military participation in Korea and in Vietnam or face the possibility of being expelled from the organization.

If the U.N. does nothing, there is a course America could pursue. It is for Congress to pass a joint resoluton declaring "a state of war," then place an embargo on all shipments of war materials to North Vietnam and North Korea.

The real question is how long the members of the United Nations will stand by and let the Soviet government carry on "World War III — Communist Style" even while Moscow's emissaries profess at the U.N. meetings to be interested in "peace."

## William McInerney

Many longtime Midland residents are saddened at the death of William McInerney who for over three decades was a leader in community affairs and an executive with Crucible Steel Co.

The former burgess and veteran Councilman was a familiar figure on the borough scene, before and after his retirement from Crucible, and over the years gave his time and energies to a broad range of interests, from Boy Scouts, sports and church to library board, United Fund, and Fourth of July celebration. He had the respect of his townspeople not just for what he sought to do but for what he accomplished.

## The Right Decision

One of the awkward aspects of representative government is the need for decisions without unanimity.

The action by Columbiana County Commissioners Thursday to proceed with advertising for bids for the proposed St. Clair Township water system was an example of such decisions.

Commissioners were faced on one side with an obvious water problem, the answer to which had previously been sought by many residents interested in a storage and distribution system, Organization and engineering plans were made for the project, a federal grant was received and a means of financing it prepared by authoritative advisers.

On the other side were a group of township residents who believed the financing was not equitable, and some who were convinced the water was not needed.

It is difficult for an elected official, even in conscience, to act against the wishes of some constituents. It is difficult in terms of political stature to act against the wishes of any voters —especially in an election year.

But the commissioners, we believe, have decided in good conscience for the best interests of the whole community in this case, for they not only recognize the support given the plan, they know the advantages of the water system and the benefits which will accrue.

It was apparent more than adequate opportunity was allowed for presentation of a feasible alternative to the proposal, and with time runinng out, action was imperative.

The cost of a major improvement such as this is not borne easily in an area which is primarily residential. But progress is rarely purchased cheaply nor achieved without hard work, and we are convinced the extension of water into the Calcutta and Glenmoor districts will be one of the most significant economic development advances in the township's history.

## Letter From Max

By Martin Miller

Dear Truman Twill:

And now we have a tussle between Gov. Rockefeller and Mayor Lindsey of New York. You'd think they could pick a better issue. It is strange that two such personable politicians of the same party can't get along together.

When the King and Queen had a baby, some nut said, "Into each reign some life must fall."

All this talk of riots expected in the cities this coming summer is enough to give me the shudders. And here we are reinforcing our riot laws. Charles Cotesworth Pinckney in 1797 said, "Million for defense, but not a damned penny for tribute."

Sometimes, President Nguyen Van Thieu of South Vietnam seems to be playing fast and loose with our war support. He wants more U.S. troops and won't countenance our suspension of bombing the North. Sort of like you and I might be if we had the resources of, say, General Motors, to play around with.

Bing Crosby and Bob Hope, in addition to being wonderful entertainers, have the added virtue of being old and good friends. It always grabs me right here in the heart to see them enjoying performing together. Trust they don't have a spat before this sees print.

President Franklin Roosevelt's "New Deal" was so revolutionary it is often used as a yardstick for subsequent administrations. It is interesting to note in this connection that the "New Deal" did not have any legislation on aid to education or civil rights, such as President Johnson's "Great Society" administration has had.

Maybe their jobs are simply impossible. Which reminds me of poor Phil Bengtson, who has the impossible job of trying to follow in the championship footsteps of Vince Lombardi as coach of the Green Bay Packers.

I asked a friend of mine who had been in combat for a year and a half in Vietnam if we could win the war there and he said, "I don't think so because in order to win we would have to have the people there with us and they are not with us."

Here is an item which ought to strike a responsive chord with you and almost everybody. A "consensus," that is what we want. A lady wrote a letter to the editor of a paper in another city in which she said, "The government needn't expect any sympathy from me. If it had taken my advice years ago, it wouldn't be in the fix it is in now."

Faithfully yours,
MAX

TRUMAN TWILL

## Purely Personal Observations

One difficulty with the Vietnam War is that it's the first time we had visual evidence of what happens in war zones. Imagine how Northerners would have felt if TV had shown them the destruction of Atlanta in the War of the Rebellion. All those poor people fleeing in terror. All that looting. Tsch, tsch.

I can think of 23 better ways to put in TV time than watching any more of these silly award shows the entertainment industry puts on when its geniuses can think of nothing better to do.

A man should know better after dozens of sour reactions than to recommend a retaurant, a drama, a book, or a companion to a friend. The restaurant will come up with a bad meal, the drama and book will be boring and the companion will prove personally incompatible. It happens almost every time.

I am confident we will look back on the current anti-tobacco campaign with the same wry incredulity that we now look back on the anti-alcohol campaign of the 1920s. Tobacco and alcohol used immoderately can kill you. So can over-eating, reckless driving, sedatives and deep-sea diving.

One of the things it has been hard for my generation to comprehend is that excessive power, itself, is the thing to fear — not the source of power. Labor unions powerful enough to shove people to the wall are as much to be feared as the kind of employers who once did the same thing.

My scouts in New York City report that picturization of the garbage pileup there was overdone. They do not deny garbage was there, only that it was not there citywide in the towering mounds shown in pictures taken at selected spots.

Does anyone want to bet there never will come a day when airlines will become as freight-minded as railroads and think of the passenger business as a sideline, instead of the main source of profit?

Every working staff in newspapering enjoyed Time Magazine's account of what happened when masterminds in the New York command post tried to shake up the Washington bureau of The New York Times. The masterminds retreated when faced with the potential resignation of a trio of their most influential writers. For once, talent finished ahead of authority.

There are three versions of an international incident—what the offended government says, what our own righteously indignant government ways and the truth, which leaks out two weeks later.

VICTOR RIESEL

## Industry Challenges Labor

NEW YORK — Though there has been nothing ultrasecret or furtive about it, a truly vast and unreported "management movement" has been launched by the intellectuals of American industrialism — to duel publicly with the American labor movement.

Victor Riesel

These industrialists do not want to smash any unions. But the management men have woven together the broadest united front of large and small businesses in history for the fight to revamp what they charge are pro-union federal labor relations laws and boards.

It took time to win what labor leaders always boast of — "unity." Businessmen are of many kinds and philosophies.

But after several years, beginning in the early '60s, the industrial organizers got a popular front together of 35 major national trade associations (which one insider said represented some 4 million firms) as well as hundreds of small and large companies with no affiliation.

Once the "front" began moving, its leaders commissioned three prominent corporate labor lawyers — Gerard D. Reilly, former U.S. Labor Dept. Solicitor; Guy Farmer, former Eisenhower administration chairman of the National Labor Relations Board; and Theodore Iserman, a New York attorney.

They were directed to do an intensive study of the National Labor Relations Act.

**THEY WERE RETAINED** because the business front felt that "the NLRB has not interpreted and administered the act with even-handed justice; that it conceivest he Act to be a mandate to foster unionism (even against the wishes of employes)."

However, what the business leaders feel most strongly is that the Board now "is guided by a 30-year-old philosophy that unions are weak institutions, dependent on government protection and promotion."

The "management mvement" is saying, in effect, that it is not getting a fair shake from the labor laws passed long before the unions grew to maturity, developed financial and political strength and became one of the country's most influential forces.

So, scholarly and soft sell though the executive suite people are, they say bitterly they're just not getting a fair shake. The law is applied by the board, the lower benches and even the U.S. Supreme Court, against them and in labor's favor with an "uneven hand of justice." They say they're denied their equal rights and their rights of free speech in any joust with labor.

They developed an intricate legislative program but, in the final count, they want the NLRB divested of jurisdiction over unfair labor practices even if it means the elimination of the board and the transfer of its functions to a labor court.

In its place they would put a system of labor courts.

The legal trio turned in its analysis. It was reviewed and finally approved by a "blue ribbon panel" of 150 corporation labor lawyers by mid-1966.

Then came the endorsement by the 35 trade associations and other businesses in the original "organization."

**THIS WAS FOLLOWED** by endorsements from the National Association of Manufacturers and the United States Chamber of Commerce.

Thus this "management movement" rests on a broader business block than any other enterprise since Peter Stuyvesant's shopping center.

Today the movement is surfacing. It's Labor Law Reform campaign is guided by an informal steering committee which believes the time has come for the offensive in search of public opinion and Congressional support.

On the steering committee are top industrial relations executives of 11 leading American industries. Their willingness to surface is indeed a seven-league leapfrog over old traditions of secretive inner sanctums.

On the steering committee are industry's Paul Bunyanesque names. There are 11 men, some of them quite friendly, even social, with such labor giants as George Meany, Walter Reuther and I. W. Abel.

It's quite a roster:

There are among them, Angus Alston, executive vice president, A.T. & T. Co.; Fred Atkinson, senior vice president of R. H. Macy & Co., Inc.; Virgil Day, vice president of the General Electric Co.; Malcolm Denise, vice president, Ford Motor Co.; R. Heath Larry, executive vice president and assistant to the chairman, U.S. Steel Corp.; Douglas Soutar, vice president, American Smelting and Refining Co.

They are a fair match for the Meanys, the Abels, the Reuthers, the Siemillers, the Fitzsimmons.

It won't be bloody as in the olden days. But it will get louder and last longer. Labor considers the NLRB its home and castle. It won't let its ramparts be taken or pulled down easily.

## World War III

The American people may not realize it, but "World War III — Communist Style" — as Sen. Wallace Bennett, Republican of Utah, termed it in a recent speech in the Senate — has actually begun.

North Korea went on a war footing nine months ago, and the United States government was warned about it at the time. Hundreds of infiltration teams have since crossed the armistice line into South Korea, killing Koreans and American soldiers and spreading terror.

One group of 31 North Koreans was recently sent to Seoul to assassinate the president of South Korea. The attempt was not successful. Some of the "commandos" were killed, others captured. But this kind of Communist activity, which is in violation of the Korean truce, is continuing.

Moscow has provided North Koreans with billions of dollars' worth of arms and equipment, along with Soviet technicians to operate or to train others in the use of up-to-date weapons. These include modern jet planes and late-model tanks, artillery, and infantry rapid-fire rifles.

**AT ANY MOMENT,** North Koreans may expand the war by invasion of South Korea. They have the bases and the equipment—better than that of their adversaries—for launching an attack.

The American government is thoroughly familiar with the Soviet relationship to the North Korean military buildup and Moscow's help to North Vietnam.

The United States is confronted with a delicate problem in trying to get the release of the seized naval ship Pueblo and its crew. While talks have been going on at Panmunjom, there is no sign as yet that the Americans will be freed.

The meetings of the military armistice commission are under the auspices of the United Nations. The Korean War was fought by U.N. forces sent there as the result of a resolution by the U.N. securty council.

The war was halted by means of an armistice negotiated and signed in behalf of the United Nations. The American admiral who is senior delegate of the commssion at Panmunjom is officially a representative of the United Nations.

"World War III — Communist Style" has reached the point where the U.N. will be obliged to recognize that one of the principal members of the Security Council, which has been engaged in fighting the U.N. in the past. is preparing now for another assertion of military strength against the international organization.

The crewmen of the Pueblo are being held as hostages, and only the Soviet government can bring about their release. Up until now, there has been no hint that Moscow wishes to do anything about it.

Indeed, the Kremlin may be assuming that the United States would be willing to pay, as a price for getting the Pueblo crew back, acceptance of Soviet terms for peace in Vietnam.

The Communist mind has a limited amount of imagination. Its illusory theory is that the United States will agree to withdraw from Vietnam in exchange for the crew of the Pueblo.

**MEANWHILE,** the United States is striving to get some kind of negotiation started with the government of North Vietnam. Nowhere, however, is there any indication of success.

Rumors crop up frequently, but they prove to be meaningless. The truth is the Soviet Union alone has the power of decision — not only in Vietnam but in Korea.

Inevitably, the U.N. will have to decide whether it will call on all its members to build up the South Korean military strength to equal that of North Korea, which is threatening another war of aggression.

The United States, moreover, may be confronted with the necessity of asking the U.N. to notify the Soviet government either to cease its military participation in Korea and in Vietnam or face the possibility of being expelled from the organization.

If the U.N. does nothing, there is a course America could pursue. It is for Congress to pass a joint resoluton declaring "a state of war," then place an embargo on all shipments of war materials to North Vietnam and North Korea.

The real question is how long the members of the United Nations will stand by and let the Soviet government carry on "World War III — Communist Style" even while Moscow's emissaries profess at the U.N. meetings to be interested in "peace."

# A MOMENT OF MEDITATON

## Faith or Works?

To many people the question of salvation is a matter of either salvation by works or salvation by faith. Some will contend that our salvation is completely a matter of faith and faith alone. Still others will contend that we are saved by the works of our own merit.

These two positions represent two opposite extremes in religion. The truth is usually found in between two extremes. This is true in this case. The truth is that we are not saved by faith only and neither are we saved by works of our own merit. Our salvation is a matter of perfectly joining together both faith and works.

Many passages in the Bible teach us the fact that we cannot be saved without having faith. Jesus told men that they would die in their sins unless they had faith in Him. (Jno. 8:24). The jailer of Philippi was commanded to have faith on the Lord Jesus Christ so that he might be saved. Paul stated in Heb. 11:6 "But without faith it is impossible to please him: for he that cometh to God must believe that he is, and that he is a rewarder of them that diligently seek him." Thus it is quite clear that the Bible teaches the fact that faith is essential to our salvation.

However, the Bible also tells us that we must do the things (works) that God commanded for us to do. Jesus is said to be the author of salvation unto all of them that obey Him. The promise of receiving a home in heaven is based on our doing the will of God. (Mt. 7:21). Notice this statement in Rev. 22:14. "Blessed are they that do His commandments, that they may have right to the tree of life, and may enter in through the gates into the city."

From noticing these passages of scripture it is clear that both faith and works are demanded by God. Our salvation is dependent on both.

It would be wrong then to say that we are saved by faith and faith only. One of the creed-books of a major demonination states that the doctrine of faith only is wholesome and full of comfort. When we look at the Word of God we can see that this is not Bible teaching. (Jas. 2:24). It would also be wrong for one to contend that we are saved by works of our own merit. We cannot merit salvation but we must do the things Jesus commanded.

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

She's a lucky little girl. Though she's only five years old, she knows how to pray. It is perfectly natural for her to kneel by her mother's side at bedtime and "talk to God."

She has a head start over children who have never experienced this kind of communion. For there are many youngsters throughout our land who have never learned to pray, simply because no one has ever taught them. For that matter, she's ahead of a good many grown-ups, too!

No one, of course, is ever too old to learn *how* to pray. But those who learn young are fortunate, for constant prayer builds a faith that will sustain them all their lives. Give your child the gift of prayer by taking him to church, by enrolling him in church school, and by listening to his prayers at home, each and every night.

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

She's a lucky little girl. Though she's only five years old, she knows how to pray. It is perfectly natural for her to kneel by her mother's side at bedtime and "talk to God."

She has a head start over children who have never experienced this kind of communion. For there are many youngsters throughout our land who have never learned to pray, simply because no one has ever taught them. For that matter, she's ahead of a good many grown-ups, too!

No one, of course, is ever too old to learn *how* to pray. But those who learn young are fortunate, for constant prayer builds a faith that will sustain them all their lives. Give your child the gift of prayer by taking him to church, by enrolling him in church school, and by listening to his prayers at home, each and every night.

that some 260 youngsters, ranging in age from 9 to 15 are enrolled in the program.

The only requirement of a participant is regular attendance at church.

Each team plays a nine-game schedule, followed by playoffs between the two divisions and a tournament for all 20 teams. The games are 20 minutes long with 10 minute halves.

The teams are coached by members of the churches on a voluntary basis.

Carl (Pop) Werner, general secretary, recalls the foundation for the league was started by Earl Carlton, former general secretary, in 1938 for boys of high school age.

At one time a senior and junior division was in operation until 1945 when the present Junior Church League was formed.

The long and short of it is shown here as a smaller Buddy Gregory of Chester First Methodist attempts to take the ball from taller Mike Karcher of Pennsylvania Ave. Methodist.

Determination is shown on the face of Mark Hartenbach of St. Stephen's as he drives towards the basket under the watchful eye of Mike Fitzgerald of First Methodist.

Double teamed is Mike Forzano of St. John's Lutheran who is looking for a teammate while being guarded by Kim Kuzzinski (middle) and Brian Barbato of St. Ann's Church.

It's two points for Steve Conrad of First Church of the Nazarene as the ball ripples through the net.

A tussle for the ball between St. John's and Chester Nazarene players is halted by a jump ball called by referee Jim Eckstein.

**YOUTHS RECEIVE AWARDS. Two members of the Wellsville Jaycee Junior Rifle Club won medals this week for target shooting. George Hardman, left, club leader, pins the Distinguished Expert medal on David Peterson of Wellsville RD 1, while Dan MacLean, right, club instructor, presents the Expert medal to Donald Raber of Hess Rd. The distinguished citation is the highest a youth can receive in NRA junior competition.**

YOUNG DAVE PETERSON of Wellsville RD 1 has the right to brag about his prowess with a rifle, because this week he won the Dintinguished Expert Award — the highest achievement in rifle marksmanship for a member of a junior club sanctioned under the National Rifle Association.

Dave is a member of the Wellsville Jaycee Junior Rifle Club and the first in the history of the local group to win the top award. He joined in March 1963 at the age of 12. He qualified as an expert in 1965 and won the club championship in a shootoff in 1966.

He has been active in all phases of the club, serving as executive officer last year. Dave, 16, is a son of Mr. and Mrs. Theodore Peterson of Wellsville RD 1 and a junior at Southern Local High School.

Another member of the club, Donald Raber, 14, son of Mr. and Mrs. Donald Raber of Hess Rd., won his expert award this week. President of the club, Donald is a ninthe grader at Westgate School. He now will work on his distinguished expert targets.

To win the top award, Dave had to fire 180 "qualifying" targets in four shooting positions. The catch is the term "qualifying." A shooter may fire five rounds at a target, hit the bull each time, but if one of the slugs is out on the edge too far, the entire target is disqualified. Dave has spent almost two years working on the honor.

To win the expert award, Donald had to fire 140 targets.

DAVE ALSO IS a member of the Columbiana County Fish and Game Protective Association, and recently won a patch for trap shooting. He broke 25 consectutive clay pigeons. He is an individual junior member of the NRA and recently was awarded his apprentice rifle and shotgun instructor cards.

As a result of his latest achievement, Dave receives a one-year membership in the NRA, a certificate, a lapel pin, a medal and a brassard.

Donald is the seventh club member to win the expert award. He is a member of the Westgate Band, a life scout in Trop 12 of the Trinity United Presbyterian Church, and the Demolay.

My congratulations to both boys, to Dan MacLean, adult instructor, and George Hardman, adult leader.

The club meets each Wednesday night at the range on the third floor of Wellsville City Hall. The boys are skillfully guided through the basic steps of gun safety and accuracy by Dan and George.

TARGET SHOOTING requires definite skill and the sport is growing in popularity. It is a sport in which all members of the family can participate. Although there are no large indoor ranges in the immediate area, several sportsmens clubs do have smaller ranges or are planning to install them.

While Dave won the top award in target shooting, I think he scored his biggest victory last Saturday when he shot his first grouse. It excited him enough that he called me to tell how it happened. Maybe he was just rubbing it in

TAKE NOTE. Brady's Lake in Beaver County has been producing some bass. They are hitting minnows and nightcrawlers.

BEAR REPORT. Pennsylvania bear hunters harvested 568 bruins the past season. The 1967 kill was 605.

POLICE TRAINING. Nelson Hively, manager of Guilford Lake State Park near Lisbon, will take a course in modern police practices next week at the Ohio Highway Patrol Academy at Columbus.

Richard Andrus, Guilford patrolman, will take the same course the following week. The Division of Parks is conducting the course for its employes.

BEAVER TRAPPING ended Thursday in Ohio and a total of 58 of the big flattails were caught in Columbiana County.

Ralph Drake, game protector, says this is about 10 less than tagged last year. Weather worked against the trappers this year.

The first week of the season the water was high while most of the lakes and streams were frozen the latter part of the season.

Ralph says he tagged three beaver that weighed over 50 pounds and several were in the 40 pound classification.

FISHING LICENSE CHANGE. Ohio's new fishing license this year will cost $4.35. It will be effective March 1.

The licenses are available at most hardware and hunting and fishing supply stores. The increased fee was authorized last year.

Residents over 70 may obtain a permanent fishing license for $1.35 from the clerk of Common Pleas Court. Those 65 to 69 may obtain an annual fishing license at the reduced cost of $2.35. These also can be purchased at the Common Pleas Court office.

SPRING TURKEY HUNT. The Ohio Division of Wildlife will issue 500 free permits for the third wild turkey season May 8-11.

A public drawing will be held at division headquarters April 4 at 10 a. m.

Interested hunters should send their name, address, county of residence and 1967 Ohio hunting license number to Turkey Hunt, Ohio Division of Wildlife, 1500 Dublin Rd., Columbus, 43212.

Applications will be accepted through April 1. Successful applicants will be permitted to bring one companion.

ROAD HUNTING CURBED. A new law went into effect in Pennsylvania this week to further curb the growing practice of road hunting.

The new act prohibits the practice of hunters sighting a bird or animal from a slowly moving vehicle, stopping, jumping out and shooting. The law applies to all wildlife, including deer, grouse, pheasants, woodchucks, rabbits, predators, and so forth.

Shooting will be unlawful within 25 yards of the traveled portion of a highway or road.

The act does not prohibit all hunting within 25 yards of a highway as some persons believe. If it did, this would eliminate some two million acres of hunting territory.

To comply with the new provision, a person, after spotting game from a moving vehicle and alighting, must move at least 25 yards from the traveled portion of the highway before shooting.

This law was not intended to prohibit a person legally parked along a highway for the purpose of entering the field or forest for an extended period of time from shooting within the 25-yard zone. After a person has been afield for a hunt, he can shoot within the 25-yard zone when returning to his vehicle.

Neither was it intended to prohibit a person who had his vehicle parked for an extended period and using the vehicle to keep warm, eating his lunch, drying his clothing and so forth. from getting out of his vehicle and shooting while still within 25 yards of the road.

Disabled persons who have a permit to hunt from an automobile that is legally parked may continue to sit in and shoot from their vehicles even though they are within the 25-yard zone.

AREA HUNTER CITED. Twenty-one Ohio deer hunters, including a Salineville area man, will be honored this year at the 10th annual Buckeye Big Buck Club award dinner March 2 at the Coshocton American Legion Hall.

Each of the 21 hunters took a buck meeting minimum requirements of the club.

The area hunter is Lloyd Everett of Salineville RD 3. He shot his buck in Carroll County. It scored 155 points.

There are no outstanding heads this year compared to the Allison head last year, which ranked high nationally.

The best of the 19 typical heads is the 160-4/8-pointer taken by James Palsgrove of Columbus in Vinton County. This is the second time Palsgrove has qualified for the club.

The top non-typical head is a 188-6/8-point trophy shot by Joe Prince of Chillicothe in Hocking County.

The trophy heads came from Vinton and Muskingum Counties, three each; Hocking, Licking, Morgan and Trumbull, two each, and Ashtabula, Belmont, Carroll, Harrison, Lucas, Tuscarawas and Williams, one each.

OUTDOOR SHOW. The third annual West Penn Sportsmen's Show will be Feb. 28 through March 3 at the Civic Arena Exhibit Hall. Exhibits will include hunting, fishing and camping equipment as well as antique colections. Six states and three Canadian provinces will be represented.

The birthday anniversary of "father" George Washington is Thursday, and though no area high school has planned a whoop-de-doo celebration, he won't be overlooked. Someone is bound to repeat the timeworn line, "I can not tell a lie . . ." or bake a cherry pie, but thank heaven, only the rock and roll group, Paul Revere and the Raiders, wear powdered wigs! (Haa-a-a-achoooo!)

YOU THINK YOU'RE SO SMART — So does everyone else! East Palestine High students are speaking about the 14 seniors and six juniors who were inducted Monday into the hallowed group of National Honor Society folks. NOTHING QUITE LIKE "HUMAN" RELATIONS! — The Human Relations Committee is holding an essay contest with the topic to be just general human relations . . . (huh?) . . . LA FINALE! ! — Good Grief, Charlie Brown, what will the French do next? The French class spent Tuesday finding cognates (related expressions) for their developing French vocabulary. FOR instance, "le roi" means 'king' and is related to the word "royal"; "la porte" means 'door' and is related to the word "portal." So much for that French lesson. LINCOLN'S VALENTINE — Valerie Granito, a junior, celebrated her birthday Wednesday. She was named "Valerie" in honor of her special birthday Feb. 14.

CHARITY BEGINS AT HOME — The East Liverpool High Student Council charity drive begins Monday and continues through Friday. It is held to RAISE funds for many organizations in the area. The homeroom with the highest donation from each class will receive its number engraved on the standard trophy, which it will display for the remainder of the year. The goal this year is $500 and with over 1,250 students, that's nothing! . . . JOURNALISTS VIEW PRINTING COMPANY — Tuesday, Journalism students and members of the newspaper staff visited the Buckeye Printing Co. at Lisbon and saw the various phases of offset printing used in the beloved Keramos Echo. CATV-TV — Now that the junior high students have won the CATV contest television, the question is, "Who gets to keep it?"

PEPPY PEP CLUB — The Beaver Local Pep Club is active selling ribbons, painting pep buses and such. They're preparing for the first tourney game Friday with Youngstown South at the Youngstown field house . . . WRESTLERS RATE — Beaver Local wrestlers placed second in a sectional recently at Howland High near Warren. The regional meet at Cleveland Mayfield was held Friday . . . KEY CLUB 13TH — The Key Club has been rated 13th in the state with 155 points. PECK, PECK, PECK — The students in commerical study at South Side High are trying to get away from the picking, peeking and pecking style of typing. To help them, the principal and other school officials engage their services in writing PTA notices and other "insignificant" materials. The officials seem pleased, and the students have an impecc-able knack for typing. (O-o-o-o, sorry about that one!) . . . MARDI GRAS — Usually held in New Orleans, this year the site will be here — next Saturday! A dinner-to which parents are invited-will precede a dance and the crowning of Queen JoAnne Floyd and King Ron Peden. Twenty junior gals and guys will be in the court. Winners of the float contest will be announced, with cash prizes awarded for their creations. Don't miss it! . . . HO-HUM, HERE WE GO AGAIN — Well, South Siders haven't completely given up Broadway and the bright lights. The junior class, under the direction of Roger Cooling, will present (so they say) a

play called "Hillbilly Wedding." (Hope the 'wedding' isn't depending on this presentation . . .)

EAGER TO MAKE "TRACKS" — Guys at Southern are 'chomping at the bit' awaiting the track and baseball seasons . . .

# The Lighter Side

By ART THOMAS

I'd been feeling lousy for a few days. Like others who were feeling lousy, I arrived at what seemed a logical conclusion — I was suffering from the Asian flu.

Quickly came the rude awakening. It couldn't be, I've never been to Asia!

Then, Eureka, came the answer. My own domesticated flu "bugs" were in revolt! Not because of a desire to inflict their personal brand of miserableness on my being, but because of a drastic change in their way of life.

It all goes back to Jan. 3 when I decided to forego pre-dinner "snacks" at the bar.

THERE WAS no moral motivation behind the idea. Instead, it was primarily a physical situation related to a bulging waistline.

When the rockets go off with their most demonstrative red glare as shoe laces are being tied, it's time for remedial action. Such was behind the now historic decision of Jan. 3.

Finally, last weekend the once happily "bottled up" flu germs reached the breaking point and figuratively burst their bonds. Without their daily portion of grog, they couldn't take it any longer and rose in revolt.

In keeping with the trend of things, they grabbed their posters and launched a series of devishly-designed protest marches. And when thousands of alcoholic-crazed irate flu bugs start tramping through your body, you experience a protest that can't be ignored. You are subjected to a harassment that delivers the "message" loud and clear.

While the thoughts on their placards differed to a considerable degree from those concerning the Vietnam conflict, the complaints struck home with comparable force.

THESE WERE some of the slogans that commanded attention as the germs paraded up and down inside my body wracked with pain:

"If It's Good For Dean Martin, It's Good Enough For Us!"

"86-100 Or Fight (proof that is)!"

"It's The 'Spirit' Of The Thing!"

As one moved down the line of protest, others stood out:

"Why CARE Abroad, When No One CARES At Home?"

"We Want To Stew In Our Own Juice!"

"We're Deservin' Of Our Bourbon!"

"You Can Lead A Flu Bug Down The Straight And Narrow, But You Can't Force Him To Drink, Unless There's Alcohol At The End Of His Rainbow!"

And so it went, on and on, day and night, night and day. The beat, beat, beat of the tom-toms in Cole Porter's classic composition were nothing compared with the relentless pressure from the trodding feet of column after column of deprived flu germs.

Just when things looked the darkest and capitulation on my part appeared imminent, help came from an unexpected source — a long-time neighbor of the "bugs," the venerable, but somewhat weatherbeaten, "Old Man Liver."

Elbowing his way through the jam-packed protesters, he reached a vantage point after a breath-taking climb and made his presence known above the bedlam.

"Please! Please! I beg you! Hear me out! In view of your long-time environment, your feelings are easily understood and your protests justified to some extent. But think not only of yourselves. Think of those around you who are just as deeply involved in everyday living. Each of us has his own problems and each must be met with the overall good in mind.

"YOUR SO-CALLED crisis is minute in comparison with what I have gone through over the years. Only because of an exceptionally healthy childhood have I been able to hold on to the point where I can confront you with this impassioned plea.

"For the first time in years I am experiencing the tranquil existence for which I was destined and for which I long have waited. Without me, you flu germs would be nothing! I am tied to your very existence. So, please, lick your wounds and silently steal back to your homes. Cease your aimless tramping and make the adjustment vital to us all. You will be better germs for so doing!"

With that, "Old Man Liver" descended from his lofty perch and trudged away — doubtful in his own mind that his words would have any effect on the restless hordes.

But effect they did have! As his words kept rolling along, the germs, rather shamefully, broke up into smaller groups and began incessant mumbling.

Suddenly, one who apparently fell into the "take me to your leader" category, rose with outstretched hands and calmed the throng.

"In view of what has transpired, I'm sure you all agree that a drop of grog appears insignificant when the future of our homeland is at stake. Let's go back to our everyday duties — kicking up an occasional cold, to be sure — but becoming properly-adjusted citizens."

ONE BY ONE the placards were tossed aside, and the germs wended their way homeward.

A crisis had been met!

Who knows, permanently is a long time. Maybe the germs have only lost a battle not the war, and some day again may become their former happy selves.

And who knows, maybe it was the Asian flu after all!

After re-reading the above, one thing's for sure — something went to my head!

**YOUTHS RECEIVE AWARDS. Two members of the Wellsville Jaycee Junior Rifle Club won medals this week for target shooting. **TAKE NOTE.** Brady's Lake in Beaver County has been producing some bass. They are hitting minnows and nightcrawlers.

**BEAR REPORT.** Pennsylvania bear hunters harvested 568 bruins the past season. The 1967 kill was 605.

**POLICE TRAINING.** Nelson Hively, manager of Guilford Lake State Park near Lisbon, will take a course in modern police practices next week at the Ohio Highway Patrol Academy at Columbus.

Richard Andrus, Guilford patrolman, will take the same course the following week. The Division of Parks is conducting the course for its employes.

**BEAVER TRAPPING** ended Thursday in Ohio and a total of 58 of the big flattails were caught in Columbiana County.

Ralph Drake, game protector, says this is about 10 less than tagged last year. Weather worked against the trappers this year.

The first week of the season the water was high while most of the lakes and streams were frozen the latter part of the season.

Ralph says he tagged three beaver that weighed over 50 pounds and several were in the 40 pound classification.

**FISHING LICENSE CHANGE.** Ohio's new fishing license this year will cost $4.35. It will be effective March 1.

The licenses are available at most hardware and hunting and fishing supply stores. The increased fee was authorized last year.

Residents over 70 may obtain a permanent fishing license for $1.35 from the clerk of Common Pleas Court. Those 65 to 69 may obtain an annual fishing license at the reduced cost of $2.35. These also can be purchased at the Common Pleas Court office.

**SPRING TURKEY HUNT.** The Ohio Division of Wildlife will issue 500 free permits for the third wild turkey season May 8-11.

A public drawing will be held at division headquarters April 4 at 10 a. m.

Interested hunters should send their name, address, county of residence and 1967 Ohio hunting license number to Turkey Hunt, Ohio Division of Wildlife, 1500 Dublin Rd., Columbus, 43212.

Applications will be accepted through April 1. Successful applicants will be permitted to bring one companion.

**ROAD HUNTING CURBED.** A new law went into effect in Pennsylvania this week to further curb the growing practice of road hunting.

The new act prohibits the practice of hunters sighting a bird or animal from a slowly moving vehicle, stopping, jumping out and shooting. The law applies to all wildlife, including deer, grouse, pheasants, woodchucks, rabbits, predators, and so forth.

Shooting will be unlawful within 25 yards of the traveled portion of a highway or road.

The act does not prohibit all hunting within 25 yards of a highway as some persons believe. If it did, this would eliminate some two million acres of hunting territory.

To comply with the new provision, a person, after spotting game from a moving vehicle and alighting, must move at least 25 yards from the traveled portion of the highway before shooting.

This law was not intended to prohibit a person legally parked along a highway for the purpose of entering the field or forest for an extended period of time from shooting within the 25-yard zone. After a person has been afield for a hunt, he can shoot within the 25-yard zone when returning to his vehicle.

Neither was it intended to prohibit a person who had his vehicle parked for an extended period and using the vehicle to keep warm, eating his lunch, drying his clothing and so forth, from getting out of his vehicle and shooting while still within 25 yards of the road.

Disabled persons who have a permit to hunt from an automobile that is legally parked may continue to sit in and shoot from their vehicles even though they are within the 25-yard zone.

**AREA HUNTER CITED.** Twenty-one Ohio deer hunters, including a Salineville area man, will be honored this year at the 10th annual Buckeye Big Buck Club award dinner March 2 at the Coshocton American Legion Hall.

Each of the 21 hunters took a buck meeting minimum requirements of the club.

The area hunter is Lloyd Everett of Salineville RD 3. He shot his buck in Carroll County. It scored 155 points.

There are no outstanding heads this year compared to the Allison head last year, which ranked high nationally.

The best of the 19 typical heads is the 160-4/8-pointer taken by James Palsgrove of Columbus in Vinton County. This is the second time Palsgrove has qualified for the club.

The top non-typical head is a 188-6/8-point trophy shot by Joe Prince of Chillicothe in Hocking County.

The trophy heads came from Vinton and Muskingum Counties, three each; Hocking, Licking, Morgan and Trumbull, two each, and Ashtabula, Belmont, Carroll, Harrison, Lucas, Tuscarawas and Williams, one each.

**OUTDOOR SHOW.** The third annual West Penn Sportsmen's Show will be Feb. 28 through March 3 at the Civic Arena Exhibit Hall. Exhibits will include hunting, fishing and camping equipment as well as antique colections. Six states and three Canadian provinces will be represented.

**"I'd come out of retirement and hit the comeback trail, but I doubt if anyone would employ a 40-year-old office boy."**

# The Younger Set

The birthday anniversary of "father" George Washington is Thursday, and though no area high school has planned a whoop-de-doo celebration, he won't be overlooked. Someone is bound to repeat the timeworn line, "I can not tell a lie . . ." or bake a cherry pie, but thank heaven, only the rock and roll group, Paul Revere and the Raiders, wear powdered wigs! (Haa-a-a-achoooo!)

**YOU THINK YOU'RE SO SMART** — So does everyone else! East Palestine High students are speaking about the 14 seniors and six juniors who were inducted Monday into the hallowed group of National Honor Society folks. All the other members were seniors, by the way . . . They were selected by a vote of the teachers, based on leadership, service, character and scholarship. A reception followed for the members, parents and faculty members . . . . . NOTHING QUITE LIKE "HUMAN" RELATIONS! — The Human Relations Committee is holding an essay contest with the topic to be just general human relations . . . (huh?) . . . LA FINALE! ! — Good Grief, Charlie Brown, what will the French do next? The French class spent Tuesday finding cognates (related expressions) for their developing French vocabulary. FOR instance, "le roi" means 'king' and is related to the word "royal"; "la porte" means 'door' and is related to the word "portal." So much for that French lesson. LINCOLN'S VALENTINE — Valerie Granito, a junior, celebrated her birthday Wednesday. She was named "Valerie" in honor of her special birthday Feb. 14.

**CHARITY BEGINS AT HOME** — The East Liverpool High Student Council charity drive begins Monday and continues through Friday. It is held to RAISE funds for many organizations in the area. The homeroom with the highest donation from each class will receive its number engraved on the standard trophy, which it will display for the remainder of the year. The goal this year is $500 and with over 1,250 students, that's nothing! . . . JOURNALISTS VIEW PRINTING COMPANY — Tuesday, Journalism students and members of the newspaper staff visited the Buckeye Printing Co. at Lisbon and saw the various phases of offset printing used in the beloved Keramos Echo. H. Keith Langdon was the courageous teacher-leader who accompanied the group. As an added attraction, Vicki Derr celebrated her 17th birthday en route home. She was presented a cake and even a knife

for the ceremonial slicing! . . . THE "NEW BREED" WILL PERFORM — Music will be groovy at the annual Sweetheart dance Friday from 8:30 to 11:30 in the IBOP hall, when the New Breed will play! Don't miss taking your sweetheart to this Key Club sponsored dance which will be highlighted by the crowning of a queen!

They will be introduced separately to receive their "due" . . . SOPHISTICATED PINGPONG PADDLE — In Wood Shop, the guys are making souvenir paddles for their gals. Let's not get carried away, fellas, and give the teachers ideas . . . or paddles, for that matter! . . . PERSONALIZED TAGS — Booster tags here hold a special message like "Gwen says: Go Tigers!" . . . . CATV-TV — Now that the junior high students have won the CATV contest television, the question is, "Who gets to keep it?"

**PEPPY PEP CLUB** — The Beaver Local Pep Club is active selling ribbons, painting pep buses and such. They're preparing for the first tourney game Friday with Youngstown South at the Youngstown field house . . . **WRESTLERS RATE** — Beaver Local wrestlers placed second in a sectional recently at Howland High near Warren. Jack Havis "pinned" four times for first place — the first time in sectional history that's been done. John Pugh also received first; Sam Hall and Paul Brown, second; and Jim Bowersock, third. The regional meet at Cleveland Mayfield was held Friday . . . KEY CLUB 13TH — The Key Club has been rated 13th in the state with 155 points. Of about 400 participants, this is the first time in five years, they've rated in the top 25! With 25 members — full attendance — they publish a bi-weekly newspaper (Beaver Local Keys) and have even sent a story to the "Key-Noter," a publication of Key Club International . . . FAIR IN MARCH — No, that's not a weather report, but the time of science fair here! Students presented their science projects in the chemistry department in front of the class, were rated and advised. Lloyd Stockdale is chemistry teacher . . .

**PECK, PECK, PECK** — The students in commerical study at South Side High are trying to get away from the picking, peeking and pecking style of typing. To help them, the principal and other school officials engage their services in writing PTA notices and other "insignificant" materials. The officials seem pleased, and the students have an impecc-able knack for typing. (O-o-o-o, sorry about that one!) . . . MARDI GRAS — Usually held in New Orleans, this year the site will be here — next Saturday! A dinner-to which parents are invited-will precede a dance and the crowning of Queen JoAnne Floyd and King Ron Peden. Twenty junior gals and guys will be in the court. Winners of the float contest will be announced, with cash prizes awarded for their creations. Don't miss it! . . . HO-HUM, HERE WE GO AGAIN — Well, South Siders haven't completely given up Broadway and the bright lights. The junior class, under the direction of Roger Cooling, will present (so they say) a

play called "Hillbilly Wedding." (Hope the 'wedding' isn't depending on this presentation . . .)

EAGER TO MAKE "TRACKS" — Guys at Southern are 'chomping at the bit' awaiting the track and baseball seasons . . .

# The Lighter Side

By ART THOMAS

I'd been feeling lousy for a few days. Like others who were feeling lousy, I arrived at what seemed a logical conclusion — I was suffering from the Asian flu.

Quickly came the rude awakening. It couldn't be, I've never been to Asia!

Then, Eureka, came the answer. My own domesticated flu "bugs" were in revolt! Not because of a desire to inflict their personal brand of miserableness on my being, but because of a drastic change in their way of life.

It all goes back to Jan. 3 when I decided to forego pre-dinner "snacks" at the bar.

THERE WAS no moral motivation behind the idea. Instead, it was primarily a physical situation related to a bulging waistline.

When the rockets go off with their most demonstrative red glare as shoe laces are being tied, it's time for remedial action. Such was behind the now historic decision of Jan. 3.

Finally, last weekend the once happily "bottled up" flu germs reached the breaking point and figuratively burst their bonds. Without their daily portion of grog, they couldn't take it any longer and rose in revolt.

In keeping with the trend of things, they grabbed their posters and launched a series of devishly-designed protest marches. And when thousands of alcoholic-crazed irate flu bugs start tramping through your body, you experience a protest that can't be ignored. You are subjected to a harassment that delivers the "message" loud and clear.

While the thoughts on their placards differed to a considerable degree from those concerning the Vietnam conflict, the complaints struck home with comparable force.

**THESE WERE** some of the slogans that commanded attention as the germs paraded up and down inside my body wracked with pain:

**"If It's Good For Dean Martin, It's Good Enough For Us!"**

**"85-100 Or Fight (proof that is)!"**

**"It's The 'Spirit' Of The Thing!"**

As one moved down the line of protest, others stood out:

**"Why CARE Abroad, When No One CARES At Home?"**

**"We Want To Stew In Our Own Juice!"**

**"We're Deservin' Of Our Bourbon!"**

**"You Can Lead A Flu Bug Down The Straight And Narrow, But You Can't Force Him To Drink, Unless There's Alcohol At The End Of His Rainbow!"**

And so it went, on and on, day and night, night and day. The beat, beat, beat of the tom-toms in Cole Porter's classic composition were nothing compared with the relentless pressure from the trodding feet of column after column of deprived flu germs.

Just when things looked the darkest and capitulation on my part appeared imminent, help came from an unexpected source — a long-time neighbor of the "bugs," the venerable, but somewhat weatherbeaten, "Old Man Liver."

Elbowing his way through the jam-packed protesters, he reached a vantage point after a breath-taking climb and made his presence known above the bedlam.

"Please! Please! I beg you! Hear me out! In view of your long-time environment, your feelings are easily understood and your protests justified to some extent. But think not only of yourselves. Think of those around you who are just as deeply involved in everyday living. Each of us has his own problems and each must be met with the overall good in mind.

**"YOUR SO-CALLED** crisis is minute in comparison with what I have gone through over the years. Only because of an exceptionally healthy childhood have I been able to hold on to the point where I can confront you with this impassioned plea.

"For the first time in years I am experiencing the tranquil existence for which I was destined and for which I long have waited. Without me, you flu germs would be nothing! I am tied to your very existence. So, please, lick your wounds and silently steal back to your homes. Cease your aimless tramping and make the adjustment vital to us all. You will be better germs for so doing!"

With that, "Old Man Liver" descended from his lofty perch and trudged away — doubtful in his own mind that his words would have any effect on the restless hordes.

But effect they did have! As his words kept rolling along, the germs, rather shamefully, broke up into smaller groups and began incessant mumbling.

Suddenly, one who apparently fell into the "take me to your leader" category, rose with outstretched hands and calmed the throng.

"In view of what has transpired, I'm sure you all agree that a drop of grog appears insignificant when the future of our homeland is at stake. Let's go back to our everyday duties — kicking up an occasional cold, to be sure — but becoming properly-adjusted citizens."

**ONE BY ONE** the placards were tossed aside, and the germs wended their way homeward.

A crisis had been met!

Who knows, permanently is a long time. Maybe the germs have only lost a battle not the war, and some day again may become their former happy selves.

And who knows, maybe it was the Asian flu after all!

After re-reading the above, one thing's for sure — something went to my head!

# Overaction To Riots Feared Spawning Facism In Nation

CHICAGO (AP) — A former president of the Detroit Bar Association has warned top lawyers and judges that overreaction to riots may be spawning fascism in the United States.

"We are living in the midst of the revolution," George E. Bushnell told the National Conference of Bar Presidents Friday. "We are afraid, and I am deeply afraid."

He said fear has lead to "real overreaction" — proposed recruitment of vigilantes in Chicago and elsewhere to cope with rioters, even be training of housewives in Dearborn, Mich., in how to use pistols.

"There is real danger of fascism—good old-fashion fascism —coming to the fore in this country," Bushnell said.

He said the riots in Detroit and other American cities last year were not race riots, but "insurrections of the deprived."

Almost as he spoke, the Board of Governors of the American Bar Association was approving a report that said "all necessary preventive steps should be taken in every community in the land to prevent outbreaks of civil disorders."

The report, prepared by the ABA's criminal law section, called for consideration of special laws to impose curfews and close streets, taverns and stores selling firearms in times of riot.

At the same time, the report said, "the continued right of all people to lawful, peaceable assembly, petition and dissent" should be safeguarded.

A few minutes before Bushnell's address, James C. Davis urged the current and former presidents of state and local bar associations to take Negroes into their firms and associations.

Davis, president of the Cleveland Bar Association, said the federal government should undertake for Negroes the kind of large-scale assistance program the New Deal launched in the Depression for "the white majority of our population."

## 400 Return To Jobs On Court Injunction

CINCINNATI (AP)— Nearly 400 electrical workers at the Avco Corp. here complied with a court injunction issued Thursday and returned to their jobs Friday.

Members of the International Brotherhood of Electrical Workers, Local 1943, ended their four-day walkout which was unauthorized by the union.

Officials said the wildcat strike was over seniority rights of 12 employes laid off several days ago.

# WORLD ALMANAC FACTS

Astronauts traveling beyond the pull of earth's gravity encounter many peculiarities induced by weightlessness, not the most serious of which is the difficulty of lighting a cigarette. A match would not burn in a spaceship beyond the earth's gravity because, instead of rising, the hot gases would accumulate in a sphere that would put out the flame.

# Elkton News

Mrs. Doris Eells

ELKTON — The Elkrun and Center Townships have purchased a water tank to be used on the Lisbon Civil Defense truck for use in fighting fires in both townships.

Mrs. Kenneth Bettis of Elkton was hostess to the Half Century Club Wednesday night.

Prizes for 500 went to Mrs. Don Carmen, Mrs. Bert Dailey, Mrs. Jerry Marquis and Mrs. Sam Ronshok.

The next meeting will be at the home of Mrs. Bill Stanley of Lisbon.

## *McCarthy Name Set In Cleveland 22nd District*

CLEVELAND (AP) — Sen. Eugene J. McCarthy, D-Minn., will be represented in the May 7 Democratic presidential primary in Cleveland's 22nd congressional district.

McCarthy, challenging President Johnson for the Democratic nomination, will also allow his name to go on ballots in four other Ohio districts—the 2nd in Cincinnati, 3rd in Dayton, 12th in Columbus and 13th in suburbs south and west of Cleveland.

The senator signed the necessary papers for the action Friday. He said that although he will be unable to wage a full campaign in Ohio due to previous commitments, the entry was being made in the five districts to give Democrats a chance to show their position.

## Army Troops Set To Control Riots

WASHINGTON (AP) — The Army will have more than 15,000 men ready for quick use in controlling city riots this summer.

The troops are divided into "seven task forces, each of brigade size, specifically earmarked and available for civil disturbance duty," Gen. Harold K. Johnson, Army chief of staff, told the Senate Armed Services Committee.

Johnson and Secretary of the Army Stanley R. Resor said the National Guard will still have prime responsibility for quelling civil disorders if local authorities call for help, but that regular Army troops will be available if needed.

A censored transcript of their testimony was released Friday.

Johnson and Resor appeared at a closed session.

## Policeman Arrested On Blackmail Charge

CINCINNATI (AP) — Cincinnati police arrested one of their own men Friday night—Michael Warren—on a charge of blackmailing a suburban Cincinnati woman.

Police said Warren, a four-year veteran on the force, and Terry Smith, 20, Cincinnati, were arrested after taking $200 from Caroline Ganus, 24, of Camp Denison.

Details were not given.

## Ex-City Manager Taken To Hospital

CINCINNATI (AP)— William Wichman, who resigned as city manager this week, was taken to Cincinnati Good Samaritan Hospital Friday night after he suffered chest pains at a party.

Hospital officials repored this condition as "good" but said his pulse rate was high. They said he would probably be released sometime today.

## Midland Lions Meet

# Knudson Holds 2 Stroke Lead In Phoenix Event

PHOENIX, Ariz. (AP) — George Knudson, second round leader in the $100,000 Phoenix Open golf tournament, recalls that during his early golfing days he would cut cards for $100 a throw to build up endurance under pressure.

"It was just one of those stupid things all of us do at times," said Knudson, who carried an 11 under par 67-64—131 and a two stroke lead into today's third round.

"I figured it would help me control putting shakes," said Knudson. "When you have only $300 in your pocket, cutting cards for $100 is pressure."

He might think the card idea stupid now, but Knudson's putting during Friday's second round was nearly flawless as he one-putted nine holes and needed only 27 putts for 18 holes.

Knudson, who had no bogeys Friday over the 6,765-yard, par-71, Phoenix Country Club course, rolled in seven birdie putts, including a 45-footer, another from 25 feet and one for 15 feet.

His total of 131 was the best for 36 holes so far during the winter tour, and his round of 34 equaled the low for 18 holes.

"I've made an adjustment but I don't know what it is" said Knudson, 31, a 155-pound tour regular from Toronto, Canada.

Tommy Shaw, club pro from Golf, Ill., fired a 66 Friday and with an opening round of 67 was only two strokes behind Knudson going into today's play.

Jack Nicklaus, who will rest for almost three weeks before resuming action in the Doral Open in Florida, failed to make the 36-hole cutoff of 143 by three strokes.

Several players had a shot at the leader as play started today.

Dan Sikes was three strokes back at 134, while Tommy Aaron and Jack Montgomery both stood at 135 and Sam Carmichael had 136.

First round leader Frank Boynton was seven strokes back while defending champion Julius Boros was eight back at 139 as 70 pros took aim at the $20,000 first prize.

# Commissioners Set Meeting On Conditions At Courthouse

LISBON — Columbiana County commissioners have asked office holders to meet with them Monday at 1 p.m. to discuss crowded conditions in the Courthouse.

Sandy Beaver Enterprises, Inc., which began work this week to restore the Arter Building on the Square, proposed to the commissioners that they lease office space in the building, which is only half a block from the Courthouse.

The firm plans to build a new fireproof, air - conditioned office building inside the shell of the three - story red brick structure which has been vacant several years.

Early last month, the commissioners entered into a 10-year, $30-per-month lease with Robert Miller for a vacant lot at the rear of the county-owned Hill Building on E. Washington St., two blocks from the Courthouse.

This is the building occupied by the County Welfare Department and the Community Action Committee. Commissioners leased the lot from Miller to provide a second exit from the former garage section of the building, which they plan to remodel for Juvenile Court. The space is used now as a garage for retarded children's school buses.

Judge Louis Tobin asked the commissioners last year to provide larger and more private quarters for Juvenile Court. Under present conditions, defendants and witnesses crowd the busy first floor corridor outside the courtroom.

# WORLD ALMANAC FACTS

Astronauts traveling beyond the pull of earth's gravity encounter many peculiarities induced by weightlessness, not the most serious of which is the difficulty of lighting a cigarette. A match would not burn in a spaceship beyond the earth's gravity because, instead of rising, the hot gases would accumulate in a sphere that would put out the flame.

## *McCarthy Name Set In Cleveland 22nd District*

CLEVELAND (AP) — Sen. Eugene J. McCarthy, D-Minn., will be represented in the May 7 Democratic presidential primary in Cleveland's 22nd congressional district.

McCarthy, challenging President Johnson for the Democratic nomination, will also allow his name to go on ballots in four other Ohio districts—the 2nd in Cincinnati, 3rd in Dayton, 12th in Columbus and 13th in suburbs south and west of Cleveland.

The senator signed the necessary papers for the action Friday. He said that although he will be unable to wage a full campaign in Ohio due to previous commitments, the entry was being made in the five districts to give Democrats a chance to show their position.

## Army Troops Set To Control Riots

WASHINGTON (AP) — The Army will have more than 15,000 men ready for quick use in controlling city riots this summer.

The troops are divided into "seven task forces, each of brigade size, specifically earmarked and available for civil disturbance duty," Gen. Harold K. Johnson, Army chief of staff, told the Senate Armed Services Committee.

Johnson and Secretary of the Army Stanley R. Resor said the National Guard will still have prime responsibility for quelling civil disorders if local authorities call for help, but that regular Army troops will be available if needed.

A censored transcript of their testimony was released Friday.

Johnson and Resor appeared at a closed session.

## Policeman Arrested On Blackmail Charge

CINCINNATI (AP) — Cincinnati police arrested one of their own men Friday night—Michael Warren—on a charge of blackmailing a suburban Cincinnati woman.

Police said Warren, a four-year veteran on the force, and Terry Smith, 20, Cincinnati, were arrested after taking $200 from Caroline Ganus, 24, of Camp Denison.

Details were not given.

## Ex-City Manager Taken To Hospital

CINCINNATI (AP)— William Wichman, who resigned as city manager this week, was taken to Cincinnati Good Samaritan Hospital Friday night after he suffered chest pains at a party.

Twenty-two members attended the meeting of the Midland Lions Club Thursday night at the Willows Motel in Industry. Lester Trainer, first vice president, presided in the absence of Henry L. Cannon, president. Club projects were discussed.

# Overaction To Riots Feared Spawning Facism In Nation

CHICAGO (AP) — A former president of the Detroit Bar Association has warned top lawyers and judges that overreaction to riots may be spawning fascism in the United States.

"We are living in the midst of the revolution," George E. Bushnell told the National Conference of Bar Presidents Friday. "We are afraid, and I am deeply afraid."

He said fear has lead to "real overreaction" — proposed recruitment of vigilantes in Chicago and elsewhere to cope with rioters, even he training of housewives in Dearborn, Mich., in how to use pistols.

"There is real danger of fascism—good old-fashion fascism —coming to the fore in this country," Bushneli said.

He said the riots in Detroit and other American cities last year were not race riots, but "insurrections of the deprived."

Almost as he spoke, the Board of Governors of the American Bar Association was approving a report that said "all necessary preventive steps should be taken in every community in the land to prevent outbreaks of civil disorders."

The report, prepared by the ABA's criminal law section, called for consideration of special laws to impose curfews and shut down liquor stores, taverns and stores selling firearms in times of riot.

At the same time, the report said, "the continued right of all people to lawful, peaceable assembly, petition and dissent" should be safeguarded.

A few minutes before Bushnell's address, James C. Davis urged the current and former presidents of state and local bar associations to take Negroes into their firms and associations.

Davis, president of the Cleveland Bar Association, said the federal government should underake for Negroes the kind of large-scale assistance program the New Deal launched in the Depression for "the white majority of our population."

## 400 Return To Jobs On Court Injunction

CINCINNATI (AP)— Nearly 400 electrical workers at the Avco Corp. here complied with a court injunction issued Thursday and returned to their jobs Friday.

Members of the International Brotherhood of Electrical Workers, Local 1842, ended their four-day walkout which was unauthorized by the union.

Officials said the wildcat strike was over seniority rights of 12 employes laid off several days ago.

# Those Outside Chester Limit Are Reminded Of Fire Bonds

Those residing outside the city limits have been reminded by Chester firemen that they must sign for a $100 bond by March 1 to be eligible for protection.

Chester Council at a meeting in January set the deadline for the renewal of fire bonds. Upon recommendatiion of the department secretary, Lee Haney, members agreed to take action to bring the bonds up to date. In recent years this has not been done and the files have been outdated, Haney pointed out.

Residents who, as of Jan. 1, had not renewed their bonds, should do so immediately to insure protection, firemen said.

There is no cost to the home owner immediately. He merely agrees to pay $100 if the department should be called to a fire on his property.

The department also urges residents to check with their insurance companies since many charge a small extra premium and provide funds for paying the volunteer department should the need arise.

Council said bonds not renewed before March 1 will become invalid automatically.

Residents desiring the protection may obtain information at the water department offices in City Hall during regular hours each week.

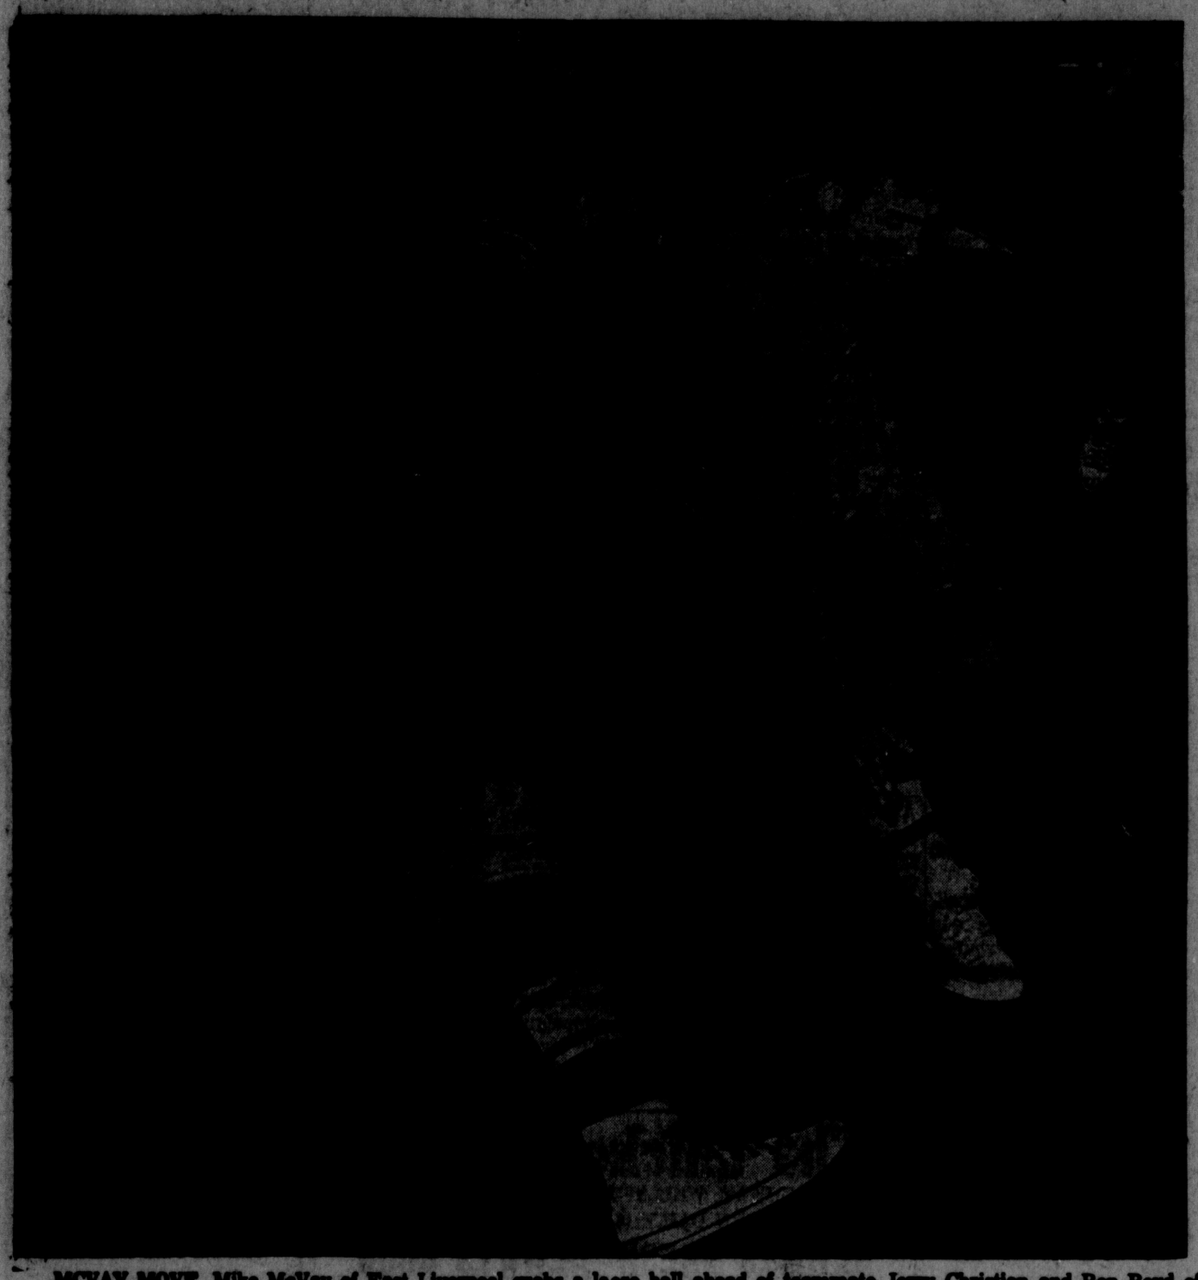
# Tough E. Liverpool Defense Smothers Barberton 52-29



MCVAY MOVE. Mike McVay of East Liverpool grabs a loose ball ahead of teammate Jerry Christian and Ron Boyd of Barberton. Potters downed Magics 52-29 in M.A. last night.

## Winners Falter In Third Period

By TURK PIERCE
Review Sports Editor

Pinpoint passing and deadly outside shooting by East Liverpool shredded Barberton's vaunted defense in the first half of the basketball game at the Memorial Auditorium last night, and the Potters survived a poor second half to win 52-29.

The Potters are now 15-1 and play Martins Ferry at the M.A. tonight. Barberton is 10-7.

Mitchell Jones led the winners with 21 points and Earl Diddle had 10. Jones had 13 rebounds and Jerry Christian 10. East Liverpool played its best defensive game of the season, as only four players scored for Barberton. Mike Valencheck was high with 12. The Potter man-to-man coverage was especially smothering in the second period, when the visitors were held to two points.

In the first half the charges of Clint McConnell were practically flawless at both ends of the court, running up a 30-10 lead. Mike McVay was hitting from the outside and McVay and Diddle were feeding Jones inside. On defense, the Potters repeatedly stole the ball from Bob Dutton's team, and gave up very few good shots.

—:—

BUT THE Magics must have cast a spell on the Potters at halftime. In the first half East Liverpool had connected on 67 per cent of its shots, but shot an icy 18 per cent the second half. Barberton came alive on defense, stealing the ball numerous times, and in all forced 19 turnovers by the home team in the second half. For the game East Liverpool turned over the ball 28 times to 18 by Barberton. Barberton made 12 turnovers in the first half.

East Liverpool had a 45-37 rebounding edge, but did not gain this until the last period. Barberton's main trouble was not being able to put the ball in the basket, as the Magics shot only 14 per cent the first half and 19 per cent for the game. East Liverpool ended with 43 per cent for the game.

Jones had one of his better games of the year. He missed only one field goal, hit 5 of 7 foul shots, and blocked several shots on defense.

—:—

IN THE first half East Liverpool easily overcame the 2-1-2 zone defense of the Magics, as McVay's hot hand from outside prevented the visitors from sagging on Jones playing in the low post. When Jones was free the Potter guards found him with passes and the big forward put the ball in the basket.

With 3 minutes played in the game the score was Jones 7, Barberton 1. Jones had 15 points in the first half and McVay nine as Barberton was completely baffled.

In the third period, the Potters kept throwing the ball away and didn't score until 2:03 remained. Barberton got only five points during this time, but picked up nine more in the final 2:03, holding the winners to two foul shots. In all, East Liverpool did not score from the field in the third period, missing eight shots.

The Potters regained some momentum in the final stanza, but were still ragged, committing eight turnovers.

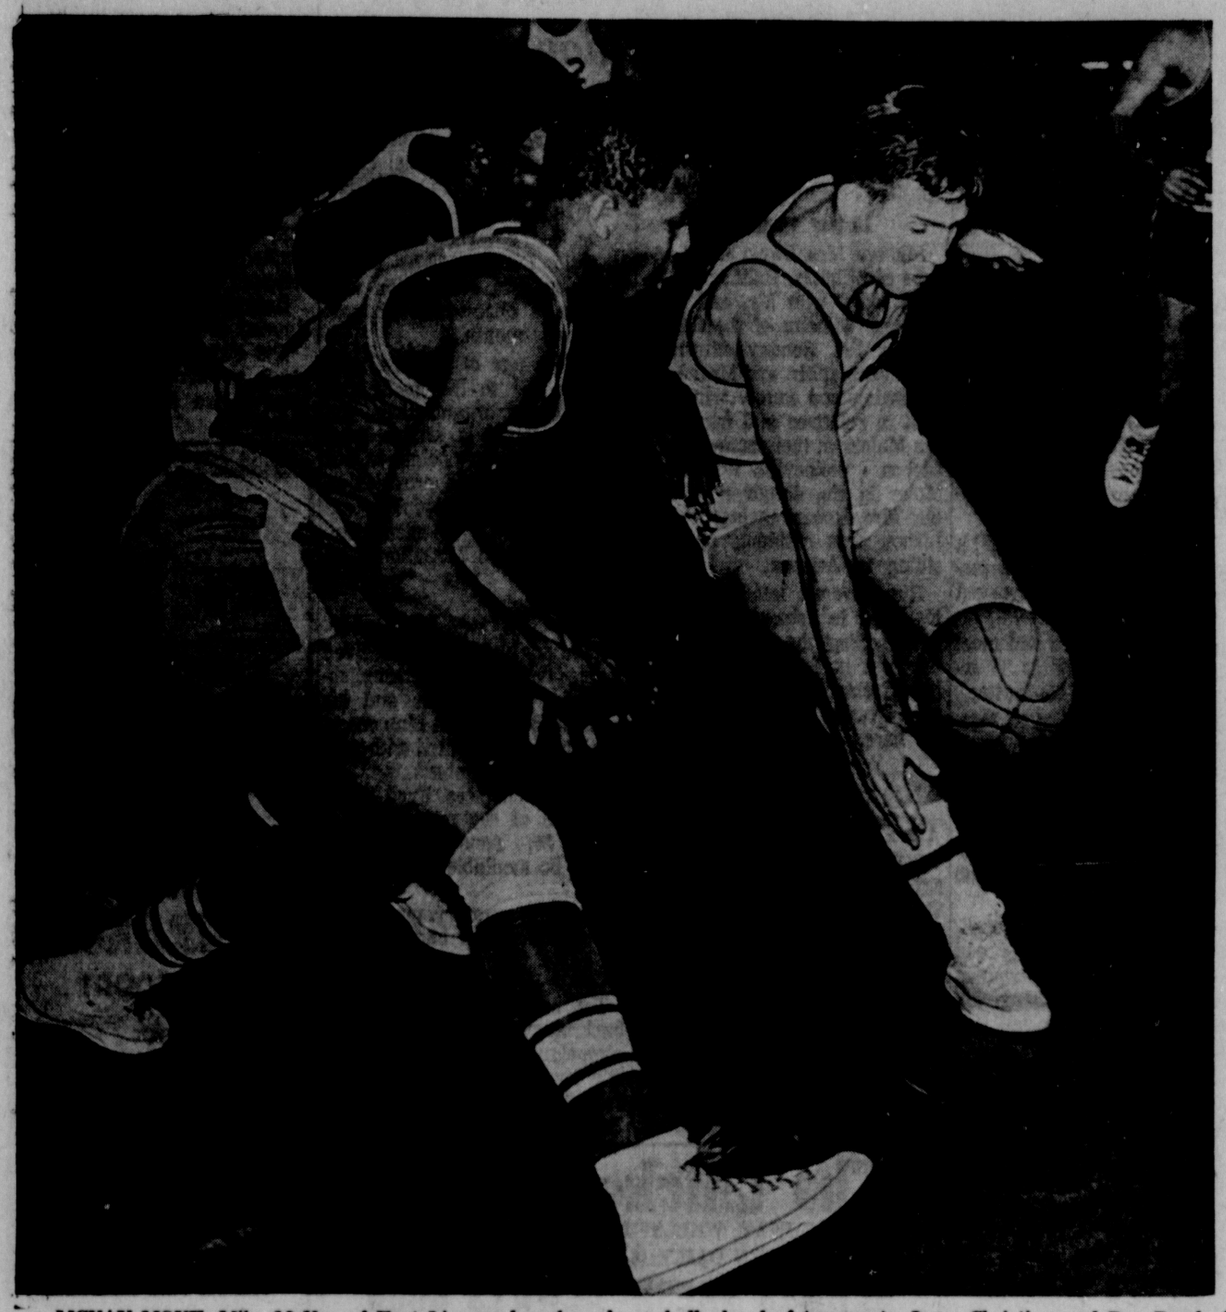
# Tough E. Liverpool Defense Smothers Barberton 52-29



MCVAY MOVE. Mike McVay of East Liverpool grabs a loose ball ahead of teammate Jerry Christian and Ron Boyd of Barberton. Potters downed Magics 52-29 in M.A. last night.

## *Winners Falter In Third Period*

By TURK PIERCE
Review Sports Editor

Pinpoint passing and deadly outside shooting by East Liverpool shredded Barberton's vaunted defense in the first half of the basketball game at the Memorial Auditorium last night, and the Potters survived a poor second half to win 52-29.

The Potters are now 15-1 and play Martins Ferry at the M.A. tonight. Barberton is 10-7.

Mitchell Jones led the winners with 21 points and Earl Diddle had 10. Jones had 13 rebounds and Jerry Christian 10. East Liverpool played its best defensive game of the season, as only four players scored for Barberton. Mike Valencheck was high with 12. The Potter man-to-man coverage was especially smothering in the second period, when the visitors were held to two points.

In the first half the charges of Clint McConnell were practically flawless at both ends of the court, running up a 39-10 lead. Mike McVay was hitting from the outside and McVay and Diddle were feeding Jones inside. On defense, the Potters repeatedly stole the ball from Bob Dutton's team, and gave up very few good shots.

—:—

**BUT THE** Magics must have cast a spell on the Potters at halftime. In the first half East Liverpool had connected on 67 per cent of its shots, but shot an icy 18 per cent the second half. Barberton came alive on defense, stealing the ball numerous times, and in all forced 19 turnovers by the home team in the second half. For the game East Liverpool turned over the ball 28 times to 18 by Barberton. Barberton made 12 turnovers in the first half.

East Liverpool had a 45-37 rebounding edge, but did not gain this until the last period. Barberton's main trouble was not being able to put the ball in the basket, as the Magics shot only 14 per cent the first half and 19 per cent for the game. East Liverpool ended with 43 per cent for the game.

Jones had one of his better games of the year. He missed only one field goal, hit 5 of 7 foul shots, and blocked several shots on defense.

—:—

**IN THE** first half East Liverpool easily overcame the 2-1-2 zone defense of the Magics, as McVay's hot hand from outside prevented the visitors from sagging on Jones playing in the low post. When Jones was free the Potter guards found him with passes and the big forward put the ball in the basket.

With 3 minutes played in the game the score was Jones 7, Barberton 1. Jones had 15 points in the first half and McVay nine as Barberton was completely baffled.

In the third period, the Potters kept throwing the ball away and didn't score until 2:03 remained. Barberton got only five points during this time, but picked up nine more in the final 2:03, holding the winners to two foul shots. In all, East Liverpool did not score from the field in the third period, missing eight shots.

The Potters regained some momentum in the final stanza, but were still ragged, committing eight turnovers.

# Board Probes Wire Tapping At Fremont

FREMONT, Ohio (AP) — Resignations of two assistant football coaches at Fremont Ross High School have been accepted by School Board members who probed a report that a phone line from spotters in the pressbox to the visiting team's bench were tapped last season.

Coach John Behling denied knowledge of the wire-tapping. The 28-year-old Behling, a former star quarterback at Otterbein College, came here last season from an assistant coaching job at Massillon.

Two of his assistants who also came to Fremont Ross from Massillon — Fred Phillis and George Morris — have resigned. They were not linked with the wire-tapping, which Dr. George Conti, school principal, said had been admitted by two other assistant coaches Conti did not name.

Behling had six assistants in coaching the Little Giants football varsity last fall.

The head coach was accompanied by his attorney at a School Board session Thursday night, which lasted about six hours. No action was taken in connection with the wire-tapping charges, but the board maintained Behling, as head coach, must take responsibility for the act.

The wire-tap was discovered when phones were dismantled at the high school stadium at the season end. It was learned the tap existed when Fremont Ross lost 14-7 to Marion Harding on Oct. 6, about midway through the season. Ross ended with a 4-6 record.

Members of the 1967 football team in a letter to the Fremont News-Messenger voiced support for Behling.

# *4 Top 10 Teams Record Victories*

By The Associated Press

UCLA's 47-game winning streak was shattered by Houston in January, but the national collegiate basketball champions still have a couple of other streaks going.

Led by Lew Alcindor's 29 points the nationally second-ranked Bruins crushed Oregon 119-78 Friday night. It was their 37th straight on their Pauley Pavilion home court and their 26th in a row in the Pacific-8 Conference. It was also the Bruins' sixth straight since losing to Houston and made their over-all record 19-1.

North Carolina, New Mexico and Columbia, the other teams in the Associated Press Top Ten to play Friday, also won.

North Carolina, No. 3, made it 17 in a row and 19-1 over-all by crushing Clemson 96-74 at Charlotte behind Larry Miller's 29 points.

Once beaten New Mexico, fifth-ranked, moved a step closer to the Western Athletic Conference title with a 76-67 victory over Brigham Young at Provo, Utah. Greg Howard's 25 points paced the Lobos, now 20-1.

Columbia's sixth-ranked Lions made it 12 straight and 16-3 over-all by routing Dartmouth at home 82-56. Jim McMillian and Dave Newmark split 40 points as the Lions overwhelmed the team they needed two extra periods to beat last week at Hanover, N.H.

The victory also kept Columbia, now 16-3 over-all, in a first place tie in the Ivy League with Princeton. The Nassau Tigers broke loose in the second half for a 54-50 road triumph over Brown. Penn beat Yale 71-68 in overtime at New Haven and Ithaca in other Ivy League games.

The North Carolina-Clemson Cornell downed Harvard 77-68 at Ithaca in other Ivy League games.

The North Carolina-Clemson game was the opener of a doubleheader. North Carolina State beat South Carolina 72-59 in the second game.

Utah defeated Wyoming 97-89 and, in other home court victories, Southern California went overtime to beat Oregon State 71-63, Weber State crushed Idaho 81-62 and Idaho State took Gonzaga 97-88.

On the road West Texas vanquished Centenary 89-79 and Westminster, Pa., downed Bucknell 84-69.

# *Boycott Hampers Meet But 9 Negroes Compete*

NEW YORK (AP) — "I must not have been important," said sprinter Lennox Miller in talking about his presence at the New York Athletic Club indoor track meet despite a boycott by Negroes. "I didn't receive any letters or phone calls."

Miller of Southern California was one of nine Negroes who competed in the meet, first to be held in the new Madison Square Garden, Friday night and, unlike some of the athletes who withdrew at the last moment, he received no threats about his participation.

"I had two reasons for competing," said Miller, who won the 60-yard dash in 6.1 seconds, his fastest time of the year. "I was invited, and I wanted to come to New York because my family lives here."

Miller insisted, "I haven't damaged the Negro cause. It's been misrepresented. I don't like the idea of being told not to compete by somebody who doesn't know what track is all about or what athletics is all about.

From almost every standpoint except the financial one, the boycott, called as a protest against the NYAC's membership policies, has to be counted a success.

The 15,972 track fans who braved some 500 pickets scuffling with police outside saw a meet decimated of most of its top talent and competition.

Not only did most of the Negroes stay away—Miller and American indoor long jump champion Bob Beamon were the only really top ones in the meet—but so did many whites, who withdrew either individually or as part of their college or club teams.

In addition, the withdrawal of seven Russians further downgraded the meet, which, because of the NYAC's ability to pay the freight and a national television contract from ABC, figured to be one of the best of the season.

Beamon, who won the long jump with his initial jump of 26-3½, was joined by four Negro University of Texas-El Paso teammates: hurdler Kelly Myrick, and mile relay runners Dave Morgan, Leslie Miller and Chuck McPherson. Miller was also fifth in the long jump.

Beamon said he and his teammates had not been pressured into competing, but all appeared frightened while changing into their track suits.

The other Negroes in the meet were James Rodman, part of Rutgers' freshman mile relay team; Al McPherson of Catholic University's mile relay team, and Frazetta Parham of Isleton, Calif., who won the woman's high jump.

John Thomas, twice an Olympic high jumper, said he had received threatening phone calls and finally sent a telegram withdrawing from the meet.

Jim Hines, co-holder of several world sprint records, and his Houston Strider teammate, high jumper John Hartfield, also pulled out when they were warned against competing.

"I'm sorry to see all this happen," Hines said, "It has no place in sports, especially in amateur sports."

One Negro athlete who wanted to compete, James Dennis of the Air Froce, was mobbed by some of the picketers who broke through police lines and broke his glasses, which he wears while running. Dennis was wearing his Air Force uniform at the time.

None of the battle between police and picketers was apparent inside the Garden and even a bomb threat, unknown to most of the crowd, did not prevent the smooth running of the meet.

The top race was the two-mile in which George Young, getting stronger by the week in his bid for a third Olympic, won his seventh race of the season against a strong field with a time of 8:30.8. Young of Casa Grande, Ariz., was named athlete of the meet.

Sam Bair of Kent State won one section of the mile in 4:05.6 and Bob Day of the Army won the other in 4:08.5. Bob Seagren of Southern California won the pole vault at 16-6.

Other winners were Richmond Flowers of Tennessee in the 60-yard high hurdles, 7.1; Hardee McAlhaney, Tennessee, in the 500, 57.7; Bill Ennis, Catholic University in the 600, 1:11.2; Preston Davis of the Army in the 880, 1:54.8.

And, Dick Fosbury of Oregon State in the high jump at 7-0 after winning a jump off with Ed Hanks of Brigham Young; Southern California in the feature two-mile relay at 7:34.8 and Tennessee in the top mile relay at 3:22.3.

## Chickens Are Stolen, Plus Truck Batteries

LISBON — Chicken thieves added batteries from a bulldozer and truck to their loot sometime Thursday night at the Eric Zipperian farm on Wells Hollow Rd., Wellsville RD 1.

Walter Rice, caretaker for the Akron owner, told Sheriff's Deputy Kent Garvey he does not know how many chickens were taken. The bulldozer and truck were parked next to the house.

Dog Warden Russell Reichenbach said the loss from a daylight burglary Thursday at his home in North Georgetown is about $1,200, uninsured. A burglar pried open the back door and took a collection of old coins, jewelry and a .32-caliber revolver.

# Board Probes Wire Tapping At Fremont

FREMONT, Ohio (AP) — Resignations of two assistant football coaches at Fremont Ross High School have been accepted by School Board members who probed a report that a phone line from spotters in the pressbox to the visiting team's bench were tapped last season.

Coach John Behling denied knowledge of the wire-tapping. The 28-year-old Behling, a former star quarterback at Otterbein College, came here last season from an assistant coaching job at Massillon.

Two of his assistants who also came to Fremont Ross from Massillon — Fred Phillis and George Morris — have resigned. They were not linked with the wire-tapping, which Dr. George Conti, school principal, said had been admitted by two other assistant coaches Conti did not name.

Behling had six assistants in coaching the Little Giants football varsity last fall.

The head coach was accompanied by his attorney at a School Board session Thursday night, which lasted about six hours. No action was taken in connection with the wire-tapping charges, but the board maintained Behling, as head coach, must take responsibility for the act.

The wire-tap was discovered when phones were dismantled at the high school stadium at the season end. It was learned the tap existed when Fremont Ross lost 14-7 to Marion Harding on Oct. 6, about midway through the season. Ross ended with a 4-6 record.

Members of the 1967 football team in a letter to the Fremont News-Messenger voiced support for Behling.

# *4 Top 10 Teams Record Victories*

By The Associated Press

UCLA's 47-game winning streak was shattered by Houston in January, but the national collegiate basketball champions still have a couple of other streaks going.

Led by Lew Alcindor's 29 points the nationally second-ranked Bruins crushed Oregon 119-78 Friday night. It was their 37th straight on their Pauley Pavilion home court and their 26th in a row in the Pacific-8 Conference. It was also the Bruins' sixth straight since losing to Houston and made their over-all record 19-1.

North Carolina, New Mexico and Columbia, the other teams in the Associated Press Top Ten to play Friday, also won.

North Carolina, No. 3, made it 17 in a row and 19-1 over-all by crushing Clemson 96-74 at Charlotte behind Larry Miller's 29 points.

Once beaten New Mexico, fifth-ranked, moved a step closer to the Western Athletic Conference title with a 76-67 victory over Brigham Young at Provo, Utah. Greg Howard's 25 points paced the Lobos, now 20-1.

Columbia's sixth-ranked Lions made it 12 straight and 16-3 over-all by routing Dartmouth at home 82-56. Jim McMillian and Dave Newmark split 40 points as the Lions overwhelmed the team they needed two extra periods to beat last week at Hanover, N.H.

The victory also kept Columbia, now 16-3 over-all, in a first place tie in the Ivy League with Princeton. The Nassau Tigers broke loose in the second half for a 54-50 road triumph over Brown. Penn beat Yale 71-68 in overtime at New Haven and Ithaca in other Ivy League games.

The North Carolina-Clemson Cornell downed Harvard 77-68 at Ithaca in other Ivy League games.

The North Carolina-Clemson game was the opener of a doubleheader. North Carolina State beat South Carolina 72-59 in the second game.

Utah defeated Wyoming 97-89 and, in other home court victories, Southern California went overtime to beat Oregon Stafe 71-63, Weber State crushed Idaho 81-62 and Idaho State took Gonzaga 97-88.

On the road West Texas vanquished Centenary 89-79 and Westminster, Pa., downed Bucknell 84-69.

# *Boycott Hampers Meet But 9 Negroes Compete*

NEW YORK (AP) — "I must not have been important," said sprinter Lennox Miller in talking about his presence at the New York Athletic Club indoor track meet despite a boycott by Negroes. "I didn't receive any letters or phone calls."

Miller of Southern California was one of nine Negroes who competed in the meet, first to be held in the new Madison Square Garden, Friday night and, unlike some of the athletes who withdrew at the last moment, he received no threats about his participation.

"I had two reasons for competing," said Miller, who won the 60-yard dash in 6.1 seconds, his fastest time of the year. "I was invited, and I wanted to come to New York because my family lives here."

Miller insisted, "I haven't damaged the Negro cause. It's been misrepresented. I don't like the idea of being told not to compete by somebody who doesn't know what track is all about or what athletics is all about.

From almost every standpoint except the financial one, the boycott, called as a protest against the NYAC's membership policies, has to be counted a success.

The 15,972 track fans who braved some 500 pickets scuffling with police outside saw a meet decimated of most of its top talent and competition.

Not only did most of the Negroes stay away—Miller and American indoor long jump champion Bob Beamon were the only really top ones in the meet—but so did many whites, who withdrew either individually or as part of their college or club teams.

In addition, the withdrawal of seven Russians further downgraded the meet, which, because of the NYAC's ability to pay the freight and a national television contract from ABC, figured to be one of the best of the season.

Beamon, who won the long jump with his initial jump of 26-3½, was joined by four Negro University of Texas-El Paso teammates: hurdler Kelly Myrick, and mile relay runners Dave Morgan, Leslie Miller and Chuck McPherson. Miller was also fifth in the long jump.

Beamon said he and his teammates had not been pressured into competing, but all appeared frightened while changing into their track suits.

The other Negroes in the meet were James Rodman, part of Rutgers' freshman mile relay team; Al McPherson of Catholic University's mile relay team, and Frazetta Parham of Isleton, Calif., who won the woman's high jump.

John Thomas, twice an Olympic high jumper, said he had received threatening phone calls and finally sent a telegram withdrawing from the meet.

Jim Hines, co-holder of several world sprint records, and his Houston Strider teammate, high jumper John Hartfield, also pulled out when they were warned against competing.

"I'm sorry to see all this happen," Hines said, "It has no place in sports, especially in amateur sports."

One Negro athlete who wanted to compete, James Dennis of the Air Froce, was mobbed by some of the picketers who broke through police lines and broke his glasses, which he wears while running. Dennis was wearing his Air Force uniform at the time.

None of the battle between police and picketers was apparent inside the Garden and even a bomb threat, unknown to most of the crowd, did not prevent the smooth running of the meet.

The top race was the two-mile in which George Young, getting stronger by the week in his bid for a third Olympic, won his seventh race of the season against a strong field with a time of 8:30.8. Young of Casa Grande, Ariz., was named athlete of the meet.

Sam Bair of Kent State won one section of the mile in 4:05.6 and Bob Day of the Army won the other in 4:08.5. Bob Seagren of Southern California won the pole vault at 16-6.

Other winners were Richmond Flowers of Tennessee in the 60-yard high hurdles, 7.1; Hardee McAlhaney, Tennessee, in the 500, 57.7; Bill Ennis, Catholic University in the 600, 1:11.2; Preston Davis of the Army in the 880, 1:54.8.

And, Dick Fosbury of Oregon State in the high jump at 7-0 after winning a jump off with Ed Hanks of Brigham Young; Southern California in the feature two-mile relay at 7:34.8 and Tennessee in the top mile relay at 3:22.3.

## Chickens Are Stolen, Plus Truck Batteries

LISBON — Chicken thieves added batteries from a bulldozer and truck to their loot sometime Thursday night at the Eric Zipperian farm on Wells Hollow Rd., Wellsville RD 1.

Walter Rice, caretaker for the Akron owner, told Sheriff's Deputy Kent Garvey he does not know how many chickens were taken. The bulldozer and truck were parked next to the house.

Dog Warden Russell Reichenbach said the loss from a daylight burglary Thursday at his home in North Georgetown is about $1,200, uninsured. A burglar pried open the back door and took a collection of old coins, jewelry and a .32-caliber revolver.

# County, City Health Officials Aid Defective Heater Search

The Department of Health, Education and Welfare has enlisted the aid of state, county and local health officers and gas utility companies in locating 8,000 gas-fired baseboard through - the - wall heaters that may leak carbon monoxide.

Dr. M. K. Singer, Columbiana County health commissioner, and Jack Bonner, East Liverpool health commissioner, point out that defective heaters are extremely dangerous, since human blood has a much stronger affinity for carbon monoxides than for oxygen.

The Jackson County Health Department in Michigan notified the Public Health Service of the potential hazard after investigating a reported carbon monoxide death associated with one of the heating units.

Sears Roebuck Co. and the Public Health Service issued news releases Feb. 8 informing the public of the potential hazard of these heaters.

Sears ordered a recall and replacement program for approximately 6,000 heaters sold by them, the majority between September 1962 and December 1966. A few units were sold in retail stores during 1967.

The company identified four models of its Homart "gas-fired baseboard thru - wall heater" in the recall order. Anyone with this type heater may contact the nearest Sears store for assistance in identifying and replacement of the suspected heater. Sears said it will replace without charge any heater identified as being one of the potentially hazardous models.

In addition to the Sears heaters, 2,000 baseboard heaters of similar design and appearance to the Homart models were manufactured and distributed by the Samuel Stamping & Enameling Co. of Chattanooga, Tenn., now out of business.

These heaters have the brand name "Suburban" on the outside of the heater grill. However, there's another brand of heater which carries the "Suburban" name, but is manufactured by the Suburban Manufacturing Co. of Dayton, Tenn. The latter heater is not suspect.

Persons with "Suburban" baseboard heaters made by Samuel Stamping should contact their gas company to find out if the model is potentially dangerous, health officials said.

Ambergris is chiefly found in Australian and New Zealand waters and along the shores of the Indian ocean.

Trial by combat originated among Germanic tribes over 1,500 years ago as a means of ascertaining guilt or innocence. The theory was that the victor of a "judicial combat" must be innocent because intervening Providence has caused him to prevail. Spreading throughout medieval Europe, this practice became mainly a private way of resolving affairs of honor.

# GOP Completes Delegate List To Convention

COLUMBUS, Ohio (AP) — Republican caucuses in Ohio's 24 congressional district have completed selection of district delegate and alternate choices to the 1968 Republican National Convention, state GOP Chairman John S. Andrews reported today.

Two delegates and two alternates were selected in each district to appear on the May 7 primary ballot pledged to Gov. James A. Rhodes as Ohio's favorite son candicate for president.

Earlier the GOP announced selection of 10 at-large delegates and alternates.

Andrews said the petitions for all delegates and alternates will be filed with the secretary of state by 4 p.m. Monday, the deadline.

Ohio will have 58 votes at the convention which begins Aug. 5. Andrews said it has been traditional for Ohio Republicans to go to the national convention with a favorite son.

Ohio requires that national convention delegate candidates state their first and second choices for president but those pledges are not binding by law.

Democratic delegates slates will be pledged to favorite son acknowledged standin for President Johnson.

Gov. Rhodes as favorite son has, thus far, not indicated a preference for the Republican nominee.

# County, City Health Officials Aid Defective Heater Search

The Department of Health, Education and Welfare has enlisted the aid of state, county and local health officers and gas utility companies in locating 8,000 gas-fired baseboard through - the - wall heaters that may leak carbon monoxide.

Dr. M. K. Singer, Columbiana County health commissioner, and Jack Bonner, East Liverpool health commissioner, point out that defective heaters are extremely dangerous, since human blood has a much stronger affinity for carbon monoxides than for oxygen.

The Jackson County Health Department in Michigan notified the Public Health Service of the potential hazard after investigating a reported carbon monoxide death associated with one of the heating units.

Sears Roebuck Co. and the Public Health Service issued news releases Feb. 8 informing the public of the potential hazard of these heaters.

Sears ordered a recall and replacement program for approximately 6,000 heaters sold by them, the majority between September 1962 and December 1966. A few units were sold in retail stores during 1967.

The company identified four models of its Homart "gas-fired baseboard thru - wall heater" in the recall order. Anyone with this type heater may contact the nearest Sears store for assistance in identifying and replacement of the suspected heater. Sears said it will replace without charge any heater identified as being one of the potentially hazardous models.

In addition to the Sears heaters, 2,000 baseboard heaters of similar design and appearance to the Homart models were manufactured and distributed by the Samuel Stamping & Enameling Co. of Chattanooga, Tenn., now out of business.

These heaters have the brand name "Suburban" on the outside of the heater grill. However, there's another brand of heater which carries the "Suburban" name, but is manufactured by the Suburban Manufacturing Co. of Dayton, Tenn. The latter heater is not suspect.

Persons with "Suburban" baseboard heaters made by Samuel Stamping should contact their gas company to find out if the model is potentially dangerous, health officials said.

# GOP Completes Delegate List To Convention

COLUMBUS, Ohio (AP) — Republican caucuses in Ohio's 24 congressional district have completed selection of district delegate and alternate choices to the 1968 Republican National Convention, state GOP Chairman John S. Andrews reported today.

Two delegates and two alternates were selected in each district to appear on the May 7 primary ballot pledged to Gov. James A. Rhodes as Ohio's favorite son candicate for president.

Earlier the GOP announced selection of 10 at-large delegates and alternates.

Andrews said the petitions for all delegates and alternates will be filed with the secretary of state by 4 p.m. Monday, the deadline.

Ohio will have 58 votes at the convention which begins Aug. 5. Andrews said it has been traditional for Ohio Republicans to go to the national convention with a favorite son.

Ohio requires that national convention delegate candidates state their first and second choices for president but those pledges are not binding by law.

Democratic delegates slates will be pledged to favorite son acknowledged standin for President Johnson.

Gov. Rhodes as favorite son has, thus far, not indicated a preference for the Republican nominee.

## Special Election Set To Fill House Seat

COLUMBUS, Ohio (AP)— A special election to fill the vacancy in the 57th Ohio House District created by the recent resignation of Democratic floor leader Frank Pokorny will be held in connection with the regular May 7 primary and Nov. 5 general elections.

Gov. James A. Rhodes called the special election Friday. The winner will serve out Pokorny's unexpired term ending this year. He resigned to become a Cuyahoga County commissioner.

## WORLD ALMANAC FACTS

Trial by combat originated among Germanic tribes over 1,500 years ago as a means of ascertaining guilt or innocence. The theory was that the victor of a "judicial combat" must be innocent because intervening Providence has caused him to prevail. Spreading throughout medieval Europe, this practice became mainly a private way of resolving affairs of honor.

On April 15 the Hookstown Grange will host other Granges of Beaver County for a program on "Water Pollution."

Evert Maki, master, presided Thursday when it was voted to donate $5 to the Rams Athletic Boosters Club toward a float for a Mardi Gras Feb. 24 at South Side High School. A grange card party scheduled for Feb. 24 has been canceled. The next public card party will be March 9 at the hall, with proceeds for charities.

The grange gave $5 in answer to an appeal from the Laurel Point Grange.

Three members in area hospitals are Mrs. Ethel McCarrel of Frankfort Springs, Washington Hospital; Jesse Martin, East Liverpool City Hospital, and Mrs. Mildred Searight, Rochester General Hospital.

On Saturday the Senior class at South Side High School will hold a public ham dinner at the grange hall to raise funds for a class trip to Washington.

Luncheon was served by Mr. and Mrs. William Thompson, Miss Jane Nickle and Miss Olive Floyd.

The grange will meet again March 7.

## Junior Editors Quiz on NITROGEN

*QUESTION: Why is nitrogen so important?*

★ ★ ★

**ANSWER:** Air seems so light and free that at times it is hard to believe it is a definite thing. Yet this seemingly light, invisible thing is of absolute importance to us. Without air, a person could not live for more than 100 minutes.

The block at lower right shows the main elements of the air and their proportions. As you see, nitrogen is the largest component of the air. So, if air is so important, nitrogen is vitally important too. We all have nitrogen in the protoplasm or living material which is in our bodies. This substance is also extremely important to plants; farmers often enrich their fields by adding fertilizers rich in nitrogen. Oxygen is the gas found in the next largest proportion in air. Oxygen unites with other chemical substances to create oxidation, or burning. It is the oxygen we take in from the air which unites with the food we eat, creating heat inside our bodies, without which we could not live. Various other gases make up the rest of the air, which also carries minute particles of water vapor dust.
